Zoning Board Approves an Extension for Outside Storage

ALEX MALM
LONDONDERRY TIMES

A request for a special exception for a portable storage structure located at 74 Hall Road was in discussion at the Oct. 19 Zoning Board of Adjustment

meeting.

It was explained by the owner, Doug LaFlamme, they don't have a garage or storage area that is animal safe. He added that they want to be able to have a safe place to store their

belongings. Right now chipmunks and other animals are able to get into the structure he has now.

He explained that the proposed portable structure would be 20x10x10, but he hasn't ordered it

Future of the Lions Hall Discuss at Town Council

ALEX MALM
LONDONDERRY TIMES

During the Oct. 17 Town Council meeting, members discussed how to move forward with the now empty, Lions Hall.

Director of Public Works, Dave Wholley, explained that the Town is looking at what to do with the building Now that the Lions Club decided it wasn't viable for them to keep up with the maintenance after concerns were raised about the structural deficiencies in the building.

A company called Weston & Sampson recently completed a pre-

liminary report about some of the different options the Council could consider as they head into budget season about what to do with the building going forward.

As part of the report there were three scenarios that were laid out.

The first scenario was for comprehensive repairs and renovations.

"This section describes a complete 'gut-rehab' of the existing building, with the goal of bringing it into first-class condition throughout. All interior and exterior finishes will be replaced, new building systems installed, and

all current building code and accessibility requirements will be met," the report reads.

The scenario assumes the general configuration of the building would remain the same, and would have "comprehensive alterations and improvements for code compliance, accessibility, and improved functionality."

"This will include re-configured toilet rooms, entrance area and kitchen, and the addition of a new stair/elevator at the South side of the building for full accessibility and egress code

School Board Approve Field Study Advisory Committee

ALEX MALM
LONDONDERRY TIMES

At the Oct. 18 School Board meeting, it was brought up by School Board member, Bob Slater, how they have a field study committee, however, they haven't met in a couple years.

"The field committee hasn't met since May of 2020," said Slater.

He added that Londonderry High School Principal, Jason Parent, has some concerns about the fields at the high school, particularly with safety. Parent said they got a group together to look at the fields

and Slater joined them.

"We took a tour and took a look at 5 or 6 of the main playing fields and practice areas," said Slater.

Slater stated they have been maintaining the fields, however, some of the fields are starting to settle up to two feet, which has led to concerns. They don't know what was buried underneath it around 20 years ago.

It was explained by Slater he wants Parent to reach out to the people who were on the committee before and have an advisory committee with the athletic director to determine

what is needed and what needs to be done.

"This will help with budget reasons," said Slater.

Slater said it will likely take some time to come up with the findings and if they need to do more than, they can consider coming up with an official charge for it.

Zoning Approves Home Occupation Business Request

ALEX MALM
LONDONDERRY TIMES

One of the agenda items during the Zoning Board of Adjustment meeting was on a special exception request to allow for a

home occupation quilting business located at 190 Pillsbury Road.

It was explained by the owner, Jessie Sweeney, that she has a machine quilting business she wants to be able to

run out of her home. She explained that people would need to make an appointment with her and they would be about half hour appointments.

One of the questions that was asked by the

Board was what part of the house the business would be in. She explained she has a room in the basement that she would use.

Sweeney explained that people would be coming and going one at a time and might overlap sometimes, but it would be rare.

She said they would have about five people a week coming there.

It was explained by Sweeney the house is set back from the road and they have plenty of space to park.

"There's plenty of parking," said Sweeney.

Sweeney added that they wouldn't have a sign for the building.

It was explained by Sweeney by having the home occupation business it wouldn't detract from the rural character

of the neighborhood and wouldn't increase traffic. She said they wouldn't use more than 25% of the living area, which is one of the requirements for a home occupancy business.

As part of the home occupancy business regulations one of the requirements is that the only employees allowed are family members, who live on the property. She added that they wouldn't have any other employees.

She stated that there wouldn't be any exterior renovations made to the property.

Sweeney said the hours for the business would generally be Monday through Friday from 9 a.m. to 5 p.m. with some exceptions made occasionally from time to time. They would

only have it by appointments only.

No one spoke for or against the application during the meeting.

The ZBA meeting unanimously approved the application without any restrictions.

Also during the meeting, the ZBA voted in favor of continuing a number of different applications they had scheduled for the meeting including a variance request to encroach 30 feet into the 50 foot landscaping buffer at 15 Rockingham Road, a variance request for frontage required at 10 Sheridan Drive, and a variance to allow a self storage facility in the C-1 zone located at 77 and 83 Nashua Road.

All those cases were continued to the next meeting.

School

Continued from page 1

"I think it should be activated as an advisory committee," said Slater.

Parent stated some of the people that have looked at the concerns across the campus are generally the grounds crew who are working to address things in the short term, but want to get a bigger picture of what to do moving forward.

It was also pointed out that there are some concerns with the mid-

dle school field and the space there.

Slater said after two years he felt it would be good to look at the fields again and come up with a plan to address future concerns.

Slater explained he ultimately wants the group to get together and come back with findings for the school board, hopefully laying out a 10 year plan for the fields.

"Let them do their work and come back to us," said Slater.

Slater added he

wanted to see if the former committee members want to be active for the advisory group. If they decide to go further and have a more formal committee they will then already have the feedback from them.

The School Board agreed to have an advisory field study committee activated.

The next School Board meeting is slated for Nov. 1. The proposed FY 2023 budget is expected to be presented to the School Board on Nov. 22.

State Reps Look for Voter Support on November 8

Londonderry voters will have their chance to cast their ballots on a number of national, state, and county positions on Tuesday, Nov. 8 and one of the positions being voted on will be for the two-year term of State Representative.

There are five incumbents republicans running this year as well as two new-comers.

There are also seven democrat candidates looking for a chance to represent Londonderry at the state hoase.

The 14 candiates were asked: "How will you represent the residents of Londonderry in Concord and in Town?"

Below are their responses:

REPUBLICANS:

Tom Dolan

Thank you for taking the time to read this and learning about the upcoming election in November. As a current State Representative from Londonderry, I humbly ask for your continued support and vote.

I am currently serving as the Chair for the "Municipal and County Government" committee as appointed by the Speaker. As Chair, I stopped the insidious democrat initiative to interfere in local Planning Boards. They wanted to mandate that all

new homes must use electric heat while prohibiting the installation of oil or gas heat.

The Committee worked closely with the House majority to lower takes even further than last year. The Rooms and Meals tax was lowered last Spring. As tourism continues to be a major source of state income, we must assure travelers to come to NH to enjoy our many resources. Interest and dividend taxes are to be eliminated.

I have been working on a parents' Bill of Rights to give parents insight into the policies and practices in our local school districts. Specifically, we must assure parents that schools are to educate, not indoctrinate. Most teachers agree.

Ron Dunn

As I am out doorknocking, residents are telling me they are concerned about paying their oil and electric bills this winter. Inflation and rising property taxes have hit our community hard causing economic instability. As a tax paying citizen, I know the importance of keeping the property tax low. Many in our community are struggling and having a large property tax bill only adds to the pain. We must reduce spending to reduce

the tax burden. I don't want to see people that have owned a home in Londonderry a majority of their life have to sell due to the rising property taxes and evaluations. I am hardworking, dedicated and passionate about helping people. I am a person who will try to bring people together and am willing to work with anyone to get the best results for the taxpayers here in Londonderry. You will always know where I stand on the issues.

I am currently on the HB737 PFAS Commission. This is a group of appointed legislators and community activists who investigate and analyze the impacts of PFAS in our community. I have been dealing with the PFAS in the water here in Londonderry since 2017 and have been on bottled water since 2019. I am fighting for you, the taxpayer, to make the polluters pay and not the taxpayer. Every individual in Londonderry deserves to have clean water in their home. I will not change my vote to gain favor with any group or individuals. I will take this very seriously. I will not miss any votes and

will attend sub committee meetings. I will also hold regular meetings with the voters here in Londonderry so they can let me know what their pressing issues are and I can update them on what is happening in Concord. I am fiscally conservative and will always look out for the taxpayers of this town.

David Lundgren

It is an honor to serve the people of our community as a State Representative. I hope you will again trust me to represent you. I will continue to listen to your concerns and represent them to the best of my abilities. I am a long time resident of Londonderry and the business owner/operator of Lundgren Chiropractic. I am a member of the NH Chiropractic Board of Examiners, past Rotary member and Paul Harris Fellow. I am married and have three grown children David, Sara, and Hanna who all share my love for this community.

I have been serving on the State and Federal Veterans Affairs Committee. Thus, I work with various local and area

veterans' assistance and charity organizations such as Verterans Count and Liberty House. At every opportunity I share and learn from others within and without our State on how to reduce the Opioid epidemic through prevention, treatment, and recovery, e.g. being part of meetings with the Secretary of Veterans Affairs, Washington, DC. I hear and share your concerns regarding energy prices, the economy/inflation, food prices, public education, government over regulations, and taxes. I will work with my peers to ensure the NH legislature puts inflation shields in place to protect our industries and our population, to keep taxes as low as possible, have our public schools teach the fundamentals and build upon them, e.g. teaching civics that encourages children to care about

their country and to safeguard its founding principles for the betterment of all who live in this great nation.

I have been in business for 46 years. I know the government environment that allows businesses to succeed. I will stand firm to the convictions of my constituents and am committed to working with them to sustain the NH Advantage.

Wayne D. MacDonald

During my first term in the NH House, I made it a point to return every telephone call and most of my e-mails. Some e-mails went to the junk folder and were discovered long after the fact, a problem which I have sought to correct. In each case and with each constituent who contacted me, I made every effort to bring their concern to Concord with me

Get In The Spirit This All Hallows Eve

"Double double toil and trouble, fire burn and cauldron bubble", William Shakespeare, 'MacBeth'.

Halloween arrives on Monday night this year, the start of the week. It is a fun-filled reminder of years of trick or treating for those of us well past the days of going door to door for candy with a pillowcase.

For many of us, regard less of age, Halloween is our favorite holiday, a day that we look forward to for weeks. For children, there's something that can't be beat about dressing up, heading out after dark and walking up to neighbors' homes, and filling a bag with free candy and other treats. The day is not about horror, it's about fun, said best by Vincent Price.

We can expect police to be out in force on that night, as the little ghosts and goblins, witches and princesses, devils and zombies, and let's not forget all the super heroes parading along local streets. It means that our usual activities like shopping or heading home from a tiring day at work can put children at risk as they go about their rounds.

We want take this opportunity to remind everyone to drive especially carefully on Halloween, both during the day and night, and to pay close attention to pedestrians. We also want to remind parents that children's costumes should feature light colors or reflective tape so they can be seen in the early darkness that the season brings. It is important to

make sure young children travel in groups, under adult supervision, with everyone carrying flashlights or glow sticks.

The New Hampshire State Police offer the following tips to make Halloween safe as well as spooky: Keep costumes short to prevent trips and falls. Use make-up instead of a mask, to obscure vision. Instruct children to stop only at familiar homes where the outside lights are on. Tell children not to enter the homes or cars of strangers. Remind children not to eat any of their treats until they return home.

Keeping safety and common sense in the forefront, and focusing on having FUN on what we hope will be a crisp and clear fall night is after all what makes good memories.

There's something special and very New England about the sight of a lit pumpkin on the porch in the Halloween dark. Go ahead, put paint on your face or were a witches hat as you prepare to answer the door when it rings. After all, as Lewis Carroll says, "We're all mad here".

If you want to get especially spooked, just remember what happened a few years ago, when trick-or-treating was postponed while we shoveled out from an early and damaging snowstorm.

"There is magic in the night when pumpkins glow by moonlight." "When black cats prowl and pumpkins gleam, may luck be yours on Halloween." Unknown

November Election Issues

To the editor,

The upcoming mid-term election and possibly the general election in 2024 could revolve around three major issues - internal threats to our democracy, abortion and inflation.

Polls show almost 60% of the US population is concerned with threats to our democracy posed by far right un-American extremists who continue to believe the false narrative put out by Trump that the 2020 election was stolen from him by election officials in states across the country. These allegations were proven false in over 60 court cases presided over by many Trump appointed judges, but this didn't stop Trump's stormtrooper followers from conducting an insurrection on Jan. 6, 2021 when they stormed our seat of government.

The partisan US Supreme Court overturned the Roe v. Wade abortion case allowing states to implement anti-abortion laws. About 70% of Americans believe women should be allowed to choose to have abortions, and probably a higher percentage believe abortions should be permitted for incest, rape and medical conditions. This issue might be almost as important to Americans as the threats to our democracy.

Lastly, the high inflation created by the opening up of our economy after the pandemic, the dismal response by the Federal Reserve to act to control inflation, and the huge amount of

spending by the Biden administration has had a significant impact on consumers. However, the economy had to come back once pandemic restrictions were removed. Unfortunately, the Federal Reserve fell asleep and did not raise interest rates and stop bond purchases until inflation was rampant. The Federal Reserve must continue its restrictive monetary policy and the Biden administration should reign in large scale spending.

Vote Anne Fenn

To the editor,

Anne Fenn for state representative is the ideal candidate to be a voice on your behalf. Anne has the political background, education and enthusiasm to bring civility back to politics, ensure clean drinking water, protect women's health and decrease gun violence.

Please consider Anne to make positive and proactive changes to our community for the benefit of all of us."

Thank you
Kristen M. Endyke
Londonderry

THINK

To the editor,

I wonder how many of you feel as I do with this election coming up?

I feel like in the past several years our psyches have been under assault, our sense of right and wrong; what is 'normal' and what is not has been tipped on its

head. A 'leader' told us we could change the path of hurricanes by 'nuking them', that wind-mills cause cancer and were killing birds, that the antidote to a pandemic was simply to inject yourself with bleach or light, and most scary of all is that they bad guys are 'them'. 'Them' are anybody who don't think or look like us, 'them' need to be feared and hated and possibly eliminated. With each assault, with each barrage we cowered deeper into our caves to save ourselves from the attacks.

But we no longer need to stay in our caves, there are little glimmer of light coming through, we have made it through the pandemic because we followed the science, veterans now have better health care, insulin prices have been capped, the longest war in our history has ended, roads and bridges are being repaired, we are starting to fight the climate that has caused Lake Mead and the Mississippi to dry up, (raising prices), child poverty has been cut in half. This was all accomplished without the help of the people who wish for us to continue to cower in our caves.

What happened to the country my father-in-law fought for in WW II? What happened to the country we grew up in where our neighbors were our friends and not faceless entities to be feared, when we had clean water and air, when are kids were safe in school, our social security was safe and politicians were not try-

ing to overthrow the country and assassinate anyone who disagrees with them? Do you remember when doctors and teachers were free to do their jobs?

We don't need to stay in our dark dank caves anymore. We can come out into the sunshine once again. How do we accomplish this? Will we do this? Will it involve a vicious battle, do we need to be like Sisyphus and keep pushing that rock higher up the mountain? NO! What it takes is so easy and simple, something this country has done freely since 1788. JUST VOTE

Londonderry is a 'red' town, but that is not engraved in stone. It is only red because people have not voted blue. PLEASE do that this time and keep us out of our caves.

Robin Martin
Londonderry

Vote Doug Thomas

To the editor,

Have you had enough over what's happening nationally? If so, vote Republican for our federal offices. If you like how your Londonderry state representatives kept the state economically sound, a great place to live, lowered government interference, and advanced school choice, then vote for your Republican state and county candidates.

I've voted to lower business and meals and room taxes, eliminate

the dividends tax, protect the second amendment, promote parental rights and school choice, strengthen voter election integrity, and more. Seems very productive to me. We've done a lot. More of our accomplishments can be found on doughthomas-nrep.com (results).

I'm appalled at the extreme Democrat policies that have skyrocketed the cost of electricity, gas, heating fuel, food, and other daily life needs. Don't be misled by the desperate attempts to blame Republicans, especially for the cost of energy. Cries that more solar and wind would have prevented this increase are holistically unrealistic. Besides being cost prohibitive without subsidies, the space required cannot be ignored. For example, it would take six square miles to replace the Londonderry natural gas plant with solar panels. That's over 14.2 percent of Londonderry's total land! I support a balanced approach to affordable carbon-free and cleaner fossil fuel policies, but do not support subsidies on the backs of ratepayers.

I'm equally astonished at the extreme Democrat positions taken to keep parents from knowing what goes on with their children in school. As a parent, how would you feel being told you don't have the right to know what happens to your child in school? I will fight for parental rights and will vote to override any veto that could be forth-

coming.

Experience and voting record matters. I ask for your vote on November 8th to keep liberty, freedom, and common sense in our lives.

Doug Thomas
State Representative
Londonderry

Enough is Enough, Already!

To the editor,

How much longer do we have to endure this nonsense being spewed here in town? By Design? Of all the idiotic things I have had to read, this takes the cake! That says a lot as we have had to endure non-stop election stolen LIES. More so than the other nonsense; Biden killed the Keystone pipeline. Now the LIE of we were Energy Independent before. I know, it is a non-stop job educating these former Republicans. If only Lies were removed, the Former republican party would disappear in the wind!

First: America produced 11.185 million barrels of crude oil per day in 2021, compared with 11.283 million a year earlier under the Orange Traitor. So, you would have to believe that .1 million barrels a day was the difference between being energy independent or not, or you were just LIED to?

Second: If you watched any Real news, you would know the Democrats have had the Oil industry come into congress and speak with them. Short answers, no excuses for the Sky

High, never before seen Record profits (all while getting the Tax break that cost the US Citizens Multiple trillions) Also, told Congress if someone else wants to pay more for it, that's just too damn bad and people in the US will just have to pay more. And if there is any doubt remaining the Red party is OWNED by the Oil industry, there's this: "In total, U.S. oil & gas lobbying spend for the Republican Party reached 63.6 million U.S. dollars during the 2019-2020 election cycle".

Regarding Economic Security has been betrayed, Darn tooting! It has been betrayed by REPUBLICANS. Wasting 10's of trillions over the years. A Combined 11 trillion between 2016-2020 alone. Let's not forget it was Republicans who ushered in NAFTA,

which did away with American manufacturing, voted in unison to Repeal banking regulations, which caused the Massive Financial Collapse of 2008. Estimates run as high as 6 trillion lost and caused a Massive 3.5 trillion bailout. Thank you Republicans!

What people need to remember is the whole Former Republican party runs on NOTHING but: LIES, Conspiracy Theories, Cheating and Stealing Elections and now Treason. Nothing More!

I sincerely hope people will not vote to turn America back into a Clown/freak show by voting for Former republicans, AKA, the Red menace. This is especially important now that the world, because of the policies of the last criminal regime, has embarked on programs like BRICS. Which stands

for Brazil, Russia, India, China and South Africa. The intent is to get away from the US Petro Dollar. Also, they have recently formed their OWN bank. So YES, WE need to continue the US move away from RELIANCE on Fossil fuels as quickly as possible!

Americans have done their Job in removing Republican's from power. Now come Nov. 8 let's finish the job, once and for ALL!

Annual Haunting Takes Over the Woods Near Town Common

The Londonderry High School Drama Club hosted the Haunted Woods at the Kent Allen Forest last week for three consecutive nights. Those attending were walked through the woods by tour guides to see a number of frightful scenes. There was also a number of less scary activities taking place, such as music on the bandstand and craft making. The event acts as a fund raiser for the club's play. This year the play will take place in February, two months earlier than its usual time. *Photos by Chris Paul*

Town Council Get Winter Work Update by DPW Head

ALEX MALM
LONDONDERRY TIMES

A presentation on winter road operations was given during the Oct. 17 Town Council meeting.

Director of Public Works, Dave Wholley, explained that NH is one of two states that considers public works employees first responders.

“We take the charge very serious,” he said.

Wholley told the Town Council they have 13 different routes and they cover 372.36 lane miles, which includes 187 cul-de-sacs, and 44 dead

ends.

He added it is extremely important to get the roads cleared because its important for first responders to be able to respond to different emergencies.

Wholley explained there are a number of other advantages for having snow plowing done correctly and in a timely manner.

For example, Wholley said they are seeing an increase in prescriptions being mailed, which means it's critical the mail trucks are able to get on the roads.

“There's a lot of prescription drugs in the mail these days, which are important,” said Wholley.

Wholley also said by having the snow plowed they are able to still have school or not delay it because of the snow.

He said other advantages including not having traffic issues, having a limited impact on commerce, and being able to still get to medical calls.

Wholley also pointed to some of the impacts that cause prolonged plowing.

One of the things is

when it comes to staffing. He stated there are a number of reasons why people may be out including; testing positive for covid or being sick, being out on bereavement time, or being out for other reasons.

He also pointed to equipment being out of commission.

Wholley said right now they are only at 16 pieces of equipment because of some of it breaking down. They usually have 19 pieces of equipment.

“Losing those three pieces makes us much

thinner,” said Wholley.

It was also pointed out by Wholley that it is difficult to find snow plow drivers since there is a lot of competition with all the different municipalities and private businesses who are all looking for drivers.

“It's becoming more and more difficult to secure snowplow drivers,” said Wholley.

Wholley also said they have invested about \$3.15 million into their 21 pieces of equipment.

He added that on average they use about

3,400 tons of sand at a cost of approximately \$62,900. They also average 3,900 tons of salt at a cost of about \$307,000.

Wholley said they don't base their operations based on cost and instead it's based on what's best for public safety.

“No operations decisions are based on money. Public Safety is always at the forefront of the decisions for the timeliness of an operation's duration. These decisions are taken very serious,” said Wholley.

Zoning

Continued from page 1 yet.

“That's the standard size,” said LaFlamme.

LaFlamme stated he would put the structure in the back of the property and that it wouldn't be something people could see. He was also thinking about painting it so it blends in better.

“I don't want to make it an eyesore for anybody,” said LaFlamme.

One question asked was how long he wanted

to have the structure up on the property. He said he wanted to have it until he is able to build a garage.

“Pretty much looking for long term,” said LaFlamme.

LaFlamme noted he spoke with one of his neighbors that he didn't know and he didn't have a problem with the portable structure. His other neighbor who he knows didn't bring up any objections to it.

Deb Paul, who is the ZBA liaison for the Town Council, said she was

against it for a few reasons.

“Number one you're setting a precedent,” said Paul.

She explained portable structures aren't taxable so instead of building a garage or barn, people are able to put them up and not pay taxes on it.

Paul also stated they should have a time limit for it, instead of allowing it to be on a property for an indefinite amount of time.

LaFlamme said that he understands the concerns, but said it wasn't a way to avoid taxes and just wants to be able to protect their things.

It was asked by the Board what kind of things they would be storing in the portable structure.

LaFlamme said it includes things like decorations, old pictures, and other things they don't use often.

It was asked by the Board if they would be okay to have a maximum time frame for it to be on the property.

LaFlamme said he would be okay with it.

After some discussion the ZBA ultimately approved the request with a maximum of two years allowed to be on the property.

OBITUARY

Elizabeth “Betty” A. Bryant

Elizabeth “Betty” A. Bryant, 90, of Londonderry, NH, died Saturday Oct. 15, 2022 in the Colonial Poplin Nursing Home in Fremont, NH. She was born in Manchester, NH on March 25, 1932, a daughter of the late Howard and Annie (Quimby) Chadwick, Sr. Betty had been a resident of Londonderry for many years, formerly living in Derry, NH. She had been employed in banking for Bank of America for many years.

She is survived by her daughter, Brenda Ellingwood and her husband James of Derry; as well as several nieces and nephews. She was predeceased by her husband, Arthur Bryant in 1990, and her siblings, Howard Chadwick, Sr., Carl Chadwick, and Nathalie Latulippe.

A calling hour was held on Friday, Oct. 21 in the Peabody Funeral Homes and Crematorium. The burial followed in Forest Hill Cemetery in E. Derry. In lieu of flowers, memorial contributions may be made to: Alzheimer's Disease Research, C/O Development Office, Dartmouth Hitchcock Medical Center, One Medical Center Dr., Lebanon, NH 03756.

Orchard Christian Church Hosts a Night of Support for Ukraine

Members of the Orchard Christian Fellowship will be holding an informational and fundraising event for support and relief efforts for the people of the Ukraine on Saturday evening, Nov. 5, from 7 to 9 p.m. at Orchard Christian Church at 136 Pillsbury Street in Londonderry. According to event organizers, the purpose of the event is to raise awareness and funds to support relief efforts in Ukraine and for refugees who have been forced to flee the country.

The two-hour event will feature two guest speakers who have direct knowledge of the current situation in Ukraine and the surrounding countries effected by the war.

One speaker, Kaarina Ham, PhD, is the founder and New England based Executive Director of HOPE Armenia Ministries. This ministry focuses on youth evangelism and young adult discipleship in Yerevan, the capital of Armenia. Dr. Ham has worked with Youth for Christ (YCF) throughout East-Central

Europe, Moscow and the Baltic states during the 1980s, '90s, and 2000s. She still maintains contact with leaders in the former Soviet Republic states. She has a great depth of knowledge of the area; historically, politically, and theologically. Since the beginning of the Ukraine war, she has written several detailed perspectives on the current situation.

The other speaker will be Yuliya Biley, MD, and her husband Myroslav immigrated from the western part of Ukraine, which has be-

come a temporary home to many families who lost everything and barely escaped with their lives. Since their arrival in the US nearly 20 years ago, the Bileys have led the Gate City Slavic Church in Nashua where he is a Pastor, and she leads worship. Since the beginning of the war, the Slavic church has been deeply involved in helping the people of Ukraine, through support of local churches, to do all they can to provide shelter, food, and hygiene supplies as well as sharing the hope of

the Word of God. They help those churches to be the hands and feet of Christ there on the ground. Another part of the ministry there is to collect supplies and bring busses to people who for some reason could not evacuate and find themselves now without electricity, heat, food, or water. The people they work with bring supplies one way and bring people out on their way back, risking their lives every day!"

Those attending will have the opportunity to ask questions of both

speakers regarding their experiences.

In addition to the two speakers being featured, there will be music offered by local musicians, including Dr. Biley.

Light refreshments will be provided during a reception following the program.

Organizers are asking the community to please come and help support the people of Ukraine.

For more information, contact Dana Teufel at dhteufel10@gmail.com or Lisa Powers at lpowers@orchard.nh.

Lions Hall

Continued from page 1 compliance. However, no change of use or occupancy is expected; the work as currently understood is generic in

nature and not intended to address the specific needs of any particular Town department or other user group," the report reads.

The estimated construction value came in

at approximately \$2.4 million which would be \$389 per square foot.

The second scenario would be for limited repairs and alterations.

"This section describes a program of limit-

ed repairs and upgrades of the existing building, with the goal of bringing it into good operational condition throughout. Interior and exterior finishes will be repaired or refurbished, building systems serviced, new ventilation installed, and applicable current building code and accessibility requirements will be addressed," the report reads. "Accessibility to the second floor will not be provided."

The estimated construction cost would be \$846,835 and would come out to \$133 per square foot.

The third scenario would be demolition of the building and replacement.

"For comparative purposes we have developed a scenario which involves the demolition of the existing Lions

Club structure and its replacement on the existing Mammoth Road site," the report reads. "The proposed new building will therefore contain approximately the same usable interior area as the existing one but will be limited to a single story for greater space flexibility and to eliminate the need for stairs and an elevator. Direct ADA access to all areas of the building will be provided."

Some of the changes and improvements include all areas being fully ADA accessible, having reconfigured program spaces for flexible community use, being new code-compliant for plumbing, mechanical, and electrical systems among a variety of other improvements.

The anticipated cost is \$2,115,165, which is

\$333 per square foot

Council Chairman, John Farrell, said some people said the best idea would be to tear it down, but he said it's a historic building and they need to find a way to be able to use it still.

Town Manager, Mike Malaguti, said with the town taking over the building they now have costs each month associated with it like the price for utilities.

With that said Malaguti added that he thinks it's important they take their time on making a decision.

"I think it's important that we don't rush it. We need to get it right," said Malaguti.

Farrell said that they are likely going to discuss it during budget season to see if they should bring it to a warrant article or not.

State Reps

Continued from page 1
and act accordingly. Each contact from someone was important and received equal consideration. If I was aware of any area of disagreement with the constituent and problem or challenge with the bill or the issue at the time, I also conveyed that to them. I made every effort to be as helpful and informative as I could be.

I also made an effort to attend town council meetings and school board meetings, as my schedule permitted. Although I am not a member of either body, I did want to go from time to time and see if there was something with which the State could be helpful.

I have been in public service for a long time. Prior to being elected to the legislature in 2020 and my professional retirement in 2019, I worked for the NH Department of Health and Human Services for twenty-three years. During that time, I developed a reputation as being very thorough and being a good listener. I listened to clients, colleagues, attorneys, law enforcement officials and defendants. I have done the same as a legislator and will continue to work with everyone I need to in state government as I bring the needs and con-

cerns of Londonderry citizens to our state capitol.

I would deeply appreciate your vote on Nov. 8.

Sherman Packard

I served 32 years total as a state representative and 12 years as the Chair of the Transportation Committee. During my time as a state representative, I served in the following leadership capacities of Republican Leader, Speaker Pro Tempore, Deputy Speaker, and currently Speaker of the House.

Education: As a legislator, it is a privilege to serve my constituents. Part of what I enjoy as a representative is working on leadership development and keeping up with what is happening in legislatures across the nation. As the leader of the NH House, I take every opportunity to learn and am continuously participating in a variety of workshops, education programs, and courses to better myself as an elected official and to gain valuable insight into becoming an effective leader and legislator.

Why are you seeking a term as Londonderry state representative?

During my 32-year tenure as a state legislator, I have been able to effect positive change by passing legislation that is beneficial to the

state of NH. We lowered business taxes, protected the unborn, and created the most fiscally conservative budget in recent history. I have worked hard to protect individual freedoms and stood up against federal overreach such as vaccine mandates. As Speaker of the House, I have been successful in returning over \$300 million to cities and towns - including Londonderry - for roads, bridges, clean water projects, and property tax relief.

What is a key issue at the state level you hope to focus on, if elected, that could support Londonderry and its residents?

My main focus this term, if elected, is delivering a balanced budget that helps grow our economy, protects the NH Advantage, and puts more money back into the pockets of hardworking families in the form of property tax relief.

Representative Sherman Packard is the Speaker of the NH House and serves Rockingham District 5.

Kristine Perez

I am running because I am concerned about our future. I will focus on anything that helps Londonderry navigate through this challenging economic situation. Fuel, food, and gas prices are affecting everyone. I

believe, seniors and middle-class working families are being hit the hardest. Families putting gas in their cars to go to work, food on the table for their children and then paying these outrageous utility bills are struggling. Seniors who have worked all their lives to be secure in their retirement and find themselves having to work to pay their bills. These individuals and families are offered no assistance. We need to work harder to lower prices on these items as well as the ever-rising tax burden in our Town. Town and School officials need to continue to listen and know that we are hurting. The State Representatives have worked hard but much more needs to be done.

I want Parents to have the first and last say in what is right for their children and I will support the Parental

Rights Bill that was recently put forward. Children are our future. I will never forget that.

Another very important concern of mine is voter integrity. We need to tighten our voting laws so that legal voters feel secure in the fact that their vote counts.

I have always felt that the residents of Londonderry needed more of a say in the Bills that were offered by our Representatives. I want to offer open meetings where their concerns can be expressed and their ideas of what might help can be voiced. I also want to make sure that residents are informed regularly on what is happening at the State level that has a direct effect on this Town.

I want to be part of the solution!

Doug Thomas

My principles have guided me during my

four terms as state representative and I believe my voting record has sided very favorably with the majority of the voters in town. I'm proud to have served Londonderry by voting against statewide income and sales taxes, government overreach, gun-grab bills, and more. I've proudly supported school choice, parental rights in schools, home school improvements, protecting the 2nd Amendment, PFAS water bills, election integrity reform, reducing business taxes, no-mask mandates, banning terminations after the 24th week, ways to mitigate energy costs as

Vice-Chair of the Science, Technology and Energy Committee, and much more. In these ways, I believe I've represented the voters in Concord to ensure that I do not vote for legisla-

Two State Senate Candidates Running in Nov. 8 Election

Londonderry voters will have the chance to vote for a State Senator during the Tuesday, Nov. 9 General Election.

There will be one republican and one democrat candidate on the ballot.

The two candidates were asked: "How will you represent the residents of Londonderry in Concord and in Town?"

Below are their responses:

**Sharon Carson
Republican Incumbent**

In NH, all politics are local. As your State Senator, I have always

focused on my constituents, understanding the specific issues facing each community and working on legislation that will have a positive impact on working families and small businesses in the district.

Representing Senate district 14 means representing all of my constituents. I am known for reaching across the aisle and working on any issue that will benefit our citizens. Because of this, I was selected as NH's most effective Senator in 2014 and 2017 and as the hardest working Senator by the Union

Leader in 2016.

I strongly believe in giving back to my community. Londonderry is my home and I have raised my family here. I want Londonderry and the State of NH to be the best place to live, work and raise your family. I have volunteered for a number of committees in town. I served as one of Londonderry's representatives on the Southern NH Planning Commission, on the Old Home Day's committee and the 300th Anniversary Celebration Committee. I currently represent our community

as the Chair of the Manchester Airport Authority Board.

I am asking for your vote so I can continue to work for you. We will be dealing with a number of important issues that have arisen from the pandemic and now we are facing inflation that is affecting so many of our state's citizens. Having an experienced legislator working to solve problems will be necessary if we are to keep the NH Advantage alive!"

**John Robinson
Democrat**

The Londonderry Times asks, "How will I represent the residents of Londonderry in Concord and in town?"

I'll be the person who stands up to the crazies. Lately there are lots of them, in town and statewide. They're in school board meetings, legislative chambers, letters to editors, political campaigns - Qanoners, Oathkeepers, ultra-MAGAs, rights-revokers, "free staters," friends of Brandon, plandemicists, anti-vaxers, anti-maskers, gaslighters, election deniers, police defunders, Tucker lovers, Tonka truck-driving flag defilers, and "very fine people on both sides."

I'm running because our current representatives have sat silent as the crazy swelled, and that's the worst thing they could have done. Free speech doesn't mean leaving lies

unchallenged. Leaders who try to befriend the crazies only make the crazy bolder, and that's what our representatives' silence has done. We hoped the madness would burn itself out after the last election, but it rages on. Now our rights and freedoms are on the ballot, so we need to stand up on Nov. 8.

It's time to elect servant leaders up and down the ballot who honor their offices by speaking truth to the crazies - even those ventriloquist's puppets who tarnish their own party's ticket. I will do that because I don't fear losing support from the

fringes or climbing political ladders. I don't pander to Washington party bosses or some defeated former guy's cult. I'll defend a woman's right to choose. I'll defend public education. I'll defend free and fair elections. I'll defend all forms of diversity. I'll work to expand affordable health care. I'll fight for tax fairness. And I'll stand up for all our rights - free speech, religious freedom, responsible gun ownership, and the rest - like true Republicans used to do! - by insisting that we exercise each with reason, respect, and sanity.

A Final Farewell

A very long procession of family and police vehicles made their way down Broadway in Derry early Thursday morning as the procession for former Derry Police Chief Edward B. Garone headed to the New Hampshire Veteran's Cemetery in Boscawen for his burial service.

LONDONDERRY SPORTS

Records Broken During Lancers Win Over Warriors

CHRIS PAUL
LONDONDERRY TIMES

After the Londonderry High School Football team

spotted the Winnacunnet Warriors six points to start the game on the seacoast Friday night, Oct. 22, the Lancers

scored 42 unanswered points for their seventh win of the season.

Also during the lopsided victory, senior quarterback, Drew Heenan, broke a 36-year record for all-time touchdown passes thrown. Heenan had two touchdown passes made in the game and broke Mike Currier's 25-pass record, established in 1986. Heenan now holds the record with 27 TD passes.

Senior Andrew Kullman also added to his record setting season by breaking the single regular season receiving yards completed. Kullman got to 651-yards this season and broke Cam MacDonald's record of 643-yards set in 2016. Kullman broke the all-time receiving yards record of 1,228 last week.

During the win over the Warriors, on the

road, Winnacunnet got on the board first, for the only points scored in the opening quarter. The Warriors went up 6-0 with a one-yard TD and a missed field goal to start the game.

Those would be the only points the LHS defense would let up and the Lancers put up six unanswered touchdowns and a two-point conversion for the 42-6 win.

Heenan got his first passing touchdown of the game at 2:12 in the first with a completion to Kyle McPhail for 52-yards. The point after kick by senior Jack Drabik was blocked by WHS.

Kullman passed the ball for a 67-yard play to Trevor Weinmann for the second LHS TD at 10:22 in the second quarter. Drabik's point-after was good for a 13-6 Lancer lead.

Senior Andrew Kullman added to his record setting season by breaking the single regular season receiving yards completed

Two-minutes later, by Kullman for the two-point conversion. Mason Heenan had a seven-yard QB keeper for the Paquette had the reception to add to the team's third TD, followed by another pass **continued on page 16**

Senior quarterback, Drew Heenan, broke a 36-year record for all-time touchdown passes thrown this past weekend. Photos by Chris Paul

Lancers Boys' Soccer Finish Season with a Pair of Losses

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Boys' Soccer team was only able to capture five wins this season, but still managed to make it into the New Hampshire Interscholastic Athletic Association's Division I playoffs.

The Lancers 5-9-2 regular season record put them the state championship as the number 14 seed and they will need to beat the number three seeded Nashua North High School squad to keep their season going.

The Londonderry squad started their final week of the season against a very tough Windham High School squad (11-2-1), at home, and were never able to get on the board. The

Lancers saw the Jaguars score twice in the first half and were never able to answer.

Londonderry's head coach, Todd Ellis, knew there was no room for errors in the game. He commented, "Windham is the top of the league and they showed it tonight, especially in the first half. They capitalized on our miscues, and limited our chances. We were better in the second half."

He added, "Our final game is the last opportunity to fix some things. Then it is a new season with playoffs and we will see how far we believe we can go. The possibility is there."

In the final game of the regular season, in Plaistow at Timberlane Regional High School, Londonderry handed

the Owls their second win of the season with a 3-2 outcome.

Coach Ellis knew the outcome would not effect their tournament seeding so he approached the game diffently.

Timberlane was able to get off to a quick advantage in the first half, scoring at 12:24 and the 15th minute to go ahead 2-0.

Senior Spencer Brasard was able to bring the game to within one with his very first varsity goal on an assist from fellow senior Brady Joncas.

Timberlane scored the insurance marker at 19:17 for the 3-1 lead.

The final goal of the game was scored by sophomore Brett McKinnon in the 35th minute of the game, assisted by sophomore Tiago Keyes.

Neither team scored in the second half.

Junior Lancer keeper, Jason Reilly, had two saves in the game and the Timberlane goalie needed just one.

Ellis commented on the team's chances heading into the play-offs, "The way we started the match was unfortunate, however, since our tournament seating was already determined, we approached this game differently. It was nice to see some players under matched conditions that haven't seen much time. I believe that if we play with confidence, focus, and with in our abilities we match up well against anybody. Players need to embrace that this is a start to a new season and regrets in the past can be made up for."

Senior Christian Levantovski Correa has been a source for many of the LHS goals this season.

The team will travel p.m. for the Preliminary to Nashua North on Round of the Division I Wednesday, Oct. 26, at 3 playoffs.

Lancers Girls' Soccer Get Strong Win in Final Home Game

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Girls' Soccer Squad put together two wins and two losses in the final week of the regular season and will head into the New Hampshire Interscholastic Athletic Association's Division I playoffs in the Number 12 spot and will need to defeat a tough Bishop Guertin Cardinals team to continue their season.

The Lancers faced Bishop Guertin (11-1-1) in Nashua to start the final week of the regular season and were shutout by four goals on Monday.

The Lady Cardinals scored twice in the first

half and twice more in the second for the 4-0 victory.

Londonderry had two shots turned away in the first and another seven blocked by the BG goalie in the second.

Lancer sophomore goaltender, Reagan Delude, had two saves in each half.

The following day, the team traveled to Windham where they were able to come away with a narrow 4-3 win in overtime.

The game was tied by the half 1-1, with LHS sophomore Reagan Anderson getting game-tying goal at 25:30.

Windham went up 2-1 in the 54th minute, but senior Mia Stowell knotted the game at

two-a-piece at 63:52.

The Jaguars went ahead in the 68th minute and Stowell was able to get the tying goal in with two-minutes left.

In overtime, senior Drea Dwyer got the game-winning golden goal.

Delude made two saves in the first and one in the second for the win.

Two nights later, on Thursday, Oct. 21, the Londonderry team had its first home game of the week, where they celebrated their eight senior players, but were outscored 4-1 by the Timberlane Lady Owls (13-2).

The Lancers only goal of the game came in the second half, by sophomore Riley Doyle, making the game 2-1 at 58:35.

The Owls score two more times before the final horn sounded.

Lancer senior Hannah Nelson was able to make four saves in the game.

In the final game of the regular season, at home on Friday afternoon against Winnacunnet High School (5-10), the Londonderry girls finished strong, beating the Warriors with two goals off the foot of senior Stowell.

Both teams were left scoreless at the end of the half, Londonderry made five attempts on the WHS and Nelson turned away seven Warrior shots on the Lancer net

Senior Mia Stowell had a penalty shot after this infraction for the Lancers game-winner against the Warriors. Photos by Chris Paul

Stowell got the first goal of the game in the 45th minute from just outside the box. Stowell got the eventual game-winner on a penalty kick after being fouled in front of the goal in the 55th minute. Winnacunnet was able to score after a free kick in the 75th minute. The Winnacunnet squad had five attempts blocked by Delude in front of the goal and LHS had eight shots turned away. Londonderry finished the season just under .500 at 7-9 and will have to beat BG in the Preliminary Round to extend their season.

Lancer senior forward, Drea Dwyer, got a game-winning overtime goal against Windham.

Lancers Volleyball Get Number Three Seed in NHIAA Tourney

Lancer senior Sydney Rankin has been a strong force at the service line this year.

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Girls' Volleyball team finished up their regular season last week, losing only their second match of the season and winning two others.

The Lancer squad finished the season with an exceptional 16-2, finishing in third place behind the Bedford Bulldogs at 18-0 and Hollis Brookline, who also finished at 16-2, but beat Londonderry in the final week of the season.

By virtue of that stellar record, the girls will enter this year's New Hampshire Interscholastic Athletic Association's Division I playoffs as the number three seed and will face the Nashua South Purple

Panthers in the Preliminary Round at home on Tuesday, Oct. 25 at 6 p.m.

Londonderry started the week at Salem High School where they got their 15th win of the season. It was also their fifth consecutive win and their and their tenth straight set shutout.

The Blue Devils were only able to make it close in one of the three sets with the Lancers winning 25-10, 25-17, and 26-24.

Highlights for Londonderry from the one-sided game came from three sources. Senior Sydney Rankin, who hasn't seen much playing time due to an injury, had six assists, four aces and three digs in the match. Senior Shannon Ball had seven kills and

three digs and junior Sarah DeFazio got four assists and three aces.

Two nights later, at home, the Lancers suffered just their second loss of the season with a 3-1 defeat at the hands of the squad from Hollis-Brookline High School.

The Lancers took the first set 16-25, but dropped the following 26-24, 25-16, and 25-11 to the Lady Cavaliers.

Junior Ally McGonagle had 10 digs, seven kills, and three aces in the game. Senior Madi Saucier got eight kills and two blocks; junior Abby Harrington had five digs and two aces; and Lexi Small finished with 19 assists and three kills.

The Lady Lancers bounced back with a five set win at Exeter High

School, playing a very good Blue Hawks squad to finish the regular season on Friday.

After getting behind early, losing the opening sets 23-25 and 22-25. The LHS team dug deep to win the final three sets 25-22, 25-19, and 15-10.

Highlights for Londonderry came from several sources: Ally McGonagle had 16 kills, 14 digs, and three aces; Lexi Small managed 36 assists, nine digs, and four aces; senior Lacey Turner had 12 kills and 10 digs; senior Sam Fortier got seven digs and three aces; junior Abby Harrington got five digs and three aces; senior Bella Elguezabal had seven digs, four assists and two aces; and freshman Riley Campo had five blocks and four kills.

Football

Continued from page 13

Lancers lead.

With 43-seconds left in the half, Heenan and Anthony Amaro connected for an 81-yard passing play.

The Londonderry squad got into the Warrior endzone two more times in the second half. First, in the third quarter, senior Nathan Pedrick recovered a blocked punt for a defensive touchdown,

then, early in the fourth, senior Michael Sampson had a one-yard TD.

Londonderry outpaced Winnacunnet 380 to 134 in total yards in the game. LHS had nearly 260-passing-yard and tallied 121 on the ground.

The LHS defense forced four turnovers by recovering four Warrior fumbles in the game.

Weinmann had three-and-a-half tackles to lead the defense and Paul Binder, Seth Doyon, and

Pedrick each had three.

Amaro led the team in receiving yards, catching two for 88-yards. Weinmann had 67 and Kullman tallied 61 receiving yards.

With the Friday night victory, LHS pushed their season record up to 7-0 in the division and will now face the Blue Devils (2-6), at Salem High School, for the final regular season game, on Friday night, at 7 p.m.

Fifth Grade Cross Country Teams Compete in Annual Meet

Jameson Demers

Sawyer Maniella

Owen Garon

Guliana Rao

Julia Pallotta

Alyssa Cawthron

Cross Country teams representing Londonderry's three elementary schools competed in the annual Cross Country Meet and Matthew Thornton Elementary School took first in the Girls' competi-

tion, while North Elementary School won the Boys' event. Guliana Rao, of North School (NS) came in first place with a time of 8:06, South School's (SS) Julia Pallotta was second with a time of 8:20 and Alyssa

Cawthron, of Matthew Thornton (MT) finished third at 8:45. In the Boys race, Jameson Demers (SS) was first with a time of 7:16, Sawyer Maniella (NS) was second with a time of 7:20 and Owen Garon (MT) came

in third at 7:45. The races have been held since 1985 and South School has had the most team wins. The girls have had 19 victories and the boys have won the event 16 times.

State Reps

Continued from page 9

tion contrary to the needs of our residents.

Town government is different from state government. Just as town council members are elected to represent and govern town related issues, state representatives are elected to represent the district at the state level. I attend most Town Councils to learn what is important to Londonderry in order to assess bills coming before the state and at times have addressed the council. I've recently suggested to the Town Manager that perhaps a periodic agenda item be placed on Town Council for State Representatives to report on Concord legislation.

For four terms I have provided my email address and phone number for anyone wanting to contact me with a specific concern and have met with those

who requested. This door will continue to be available. If I do not know the answer, I will find out or provide information for the agency or committee member best able to answer it.

DEMOCRATS

Anne Fenn

To seriously represent the variety of viewpoints in our town, I believe it is crucial that Londonderry residents are consistently informed of the issues being debated in Concord and that you have a number of ways to share your opinions and ideas on these issues. Throughout my career in public service, (US Congress and the Environmental Protection Agency) my tasks have included seeking citizen participation on nuclear waste disposal to interviewing people living near federal Superfund sites. All of these experiences have strengthened my belief

in ensuring active citizen involvement in our government at all levels.

Surprisingly, there seems to be a lack of real two-way communication opportunities in Londonderry for residents to hear from and speak to their elected State Representatives. If elected, I would like to improve and open communication. I want to hear from you, on your thoughts of how to best communicate. Should your State Representatives use town social media, write a monthly article for the local newspapers, create a community advisory committee, use our local cable show to reach out? Which methods would work best for you, to learn about Concord happenings and provide your input?

I will attend town council, school board meetings, read town social media websites and local and state newspapers. However, in order to directly learn

your opinions and specific ideas on both Londonderry and State wide issues, I would also like to suggest establishing public "Listening Sessions" on a quarterly basis. These sessions would be held in a public location, include a State House informational update and could be either issue specific or cover a selection of topics. If we need additional sessions, we could always arrange these too. I would like to hear your ideas and suggestions either in person or email (Fenn4NH.com) Thank you for your time!

Jim Green

As Rex Stout's Nero Wolfe, I said "use your intelligence guided by experience". While my intelligence is normal, I think I have experience that would help me represent Londonderry. First, I am a senior citizen (78) and have been on the board of "Sugarplum Condo. since 2008 (president for 8 years). I am also a member of the Senior Resource Committee (4 years). We have been very active in working with the Town to find ways to improve things for seniors. We want people to safely stay in their homes and be as healthy and active as they can.

Second, I am a grandfather, and I want my grandchildren to have an education that prepares them for an increasingly dynamic and complex future. I believe

our public schools are the foundation that allows everyone to reach their maximum potential. Therefore, I support innovative public education but do not support diverting taxpayer funds to private and religious schools.

I have 40 years of Federal Civil Service experience the last 20 of which were as the Resources and Management Systems Chief at the Coast Guard Research and Development Center. This involved allocating the right mix of money and staff for our portfolio of approximately 150 projects. We partnered with other agencies whenever possible to make the most of our funding and developed multiyear contracts with companies with superior technical abilities. I think my experience in getting the most for each dollar will be useful in Concord.

Finally, I was the Civilian Personnel Director Coast Guard Academy, and a personnel specialist at the VA, and Navy Offices. I have a lot of experience in getting people to work together to solve problems. In the end, I think that is the role of anyone seeking to represent Londonderry.

Edward Combes

I will represent Londonderry in Concord, by pushing for funding for Full Day Kindergarten with funding on the State Level. I will also fight for more resources

for Solar projects and for improvements to people's homes that improve energy usage to help save people money upfront and on their future electric bills. I will also fight for more infrastructure funding for the NHDOT for the state roads and highways in Londonderry and across the state as I know many roads need repairs, and we still have many bridges Red Listed across the state. I will also fight for infrastructure funding for water pipeline projects to bring more clean drinking water to our town. I will also fight to make sure the state picks back up part of the funding to the retirement system for teachers, police, and firefighters across the state, the prior legislature decided to \$0 fund this and downshifted the costs to towns across the state, which raises taxes for Londonderry Citizens. I am a Proud Supporter of Public Education, and will fight for more funding for Londonderry and all schools across the state. If I am elected, I will act as I did as Town Councilor, and listen to all concerns and facts on a matter and take them into account when voting. I will listen and help people anyway that I can and direct them to the right solution.

I look forward to your vote on Nov. 8.

Note: The Londonderry Times reached out to the candidates through the chair of the Londonderry Democrat Committee for a response, but Gregory Waener, Michela Hites, Alex Killey and Tammy Siekmann chose not to reply to the question.

Expo Held at High School for Town's Senior Citizens

The Londonderry Senior Resource Committee held an informational Expo recently, inviting the town's senior citizens to stop by and see what the area has to offer them. Booths were set up in the Londonderry High School Gym with a number of informative resources available by town civics groups and businesses. The Resource Committee hopes that this will be an annual event as the town's demographic begins to get older. *Photos by Chris Paul*

Letters

Continued from page 5

Leavitt, for supporting a culture of life.

Each commercial lamented Bolduc, Burns and Leavitt, would protect the unborn. A novel idea!

Where's democrat concern for the economy, deficit, price of gas, food, energy independence, violence in cities, securing our borders, inflation, attacks on Catholic Churches and Crisis Pregnancy Centers. Where is their concern for these problems?

NH's party of death panders to some who don't know you can get an abortion in NH. The U.S. Supreme Court didn't eliminate a women's

option to abortion, it went back to the states, where it belongs, according to the 10th amendment of the Constitution. Overturning Roe/Wade, didn't impact NH.

Does the party of death ever mention adoption instead of abortion? Did they ever promote adoption, for the good of mother and baby? They don't mention adoption because Planned Parenthood doesn't make money on adoption, only abortion. Democrats are the preferred party of Planned Parenthood to donate to.

Planned Parenthood PAC contributes to democrats (Google: 'Open Secrets', Planned Parenthood PAC Contribu-

tions to Federal Candidates). Democrats do PP's bidding. It's a closed circle, our taxes given to PP, find their way back to the party of death. Democrats not only do PP's bidding but want us to pay for abortions. They say the government should stay out of a 'Woman's right to choose', but PP wants our taxes to pay for what they say the government should stay out of. Sounds like, "Pay up and shut up", to me.

Bolduc, Burns and Leavitt believe, 'all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the Pur-

suit of Happiness'. Our Declaration of Independence declared this in 1776.

The 14th Amendment to the Constitution says, 'No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any state deprive any person of life, liberty, or property, without due process of law'.

The words of the 'Declaration' stood for

almost 200 years, the 14th Amendment protected life for over 100 years, until the US Supreme Court gave us abortion. This was a power grab and has been reeking havoc on America since.

More than 63 million American babies have been legally murdered since 1973.

Abortion turns a mother against her own child. If we accept this, then why should anyone be surprised at the vio-

lence we witness in America?

Don Bolduc, Bob Burns and Karoline Leavitt are being attacked by the party of death, because they believe the Declaration of Independence and the 14th Amendment to the U.S. Constitution. The NH democrat party doesn't believe these founding documents and reinforce this fact each time they vote on the unborn.

Going Green – Beautify Londonderry Continues Its Efforts

The goal of Beautify Londonderry Committee is to encourage civic engagement and pride in our town's environment. This team of volunteers, a sub-committee of the town's Solid Waste and Environment Committee, focuses on keeping Londonderry's streets and public spaces neat and attractive. Beautify Londonderry concentrates on four primary tasks:

1. Town Wide Roadside Clean-up Events: These entail two major litter pick-up projects

each year. The first takes place on three Saturday mornings in late-April or early May to coincide with Earth Day; the second is a 1-day event in early Fall.

Beautify Londonderry provides participants with gloves, blue trash bags, yellow safety vests and other supplies to facilitate their efforts to clean-up trash and debris from Londonderry's roadsides.

In 2022, several hundred volunteers ranging from senior citizens to LHS athletic teams to

various scout organizations turned out and collected hundreds of bags of trash from our streets.

Earlier this month, the group held its second town-wide clean-up and also held a textile drop off for people to donate clothes, towels and blankets.

2. Sponsor-A-Road – New this year, this program provides businesses, organizations, and even neighborhoods recognition for roadside clean-up and other beautification efforts on a sponsored

Londonderry street. The sponsor agrees semi-annually to pick-up litter on their selected street. Beautify Londonderry provides safety equipment, training, and a roadside sign memorializing the sponsor's efforts. The DPW installs the sign and removes the collected trash. The first three sponsors in 2022 were Bosch Thermotechnology on Wentworth Avenue, Trend Moving & Storage on Liberty Drive, and Admix on Harvey Road.

3. Sponsor-A-Spot –

Beautify Londonderry provides guidance and supplies to gardening efforts in selected public places. These could include raking, mulching and various plantings to "green-up" these locations. In 2022, these efforts were focused on South School and were supported by generous donations from Estey Lumber.

4. Fundraising – All of the above is supported through donations as Beautify Londonderry does not receive any taxpayer money from the town. Watch for our

soon-to-be-announced 2022/2023 fundraising program!

Beautify Londonderry meets on the third Monday of each month at Town Hall at 6 p.m.

This meeting is open to the public. We are always in search of additional committee members with fresh ideas to keep our town clean and green.

Provided by the Londonderry Solid Waste and Environment Committee and the Beautify Londonderry Sub-Committee.

Sixth Annual Mesiti Cup Golf Tournament Held in Early October

SUBMITTED BY JOHN J. GOGLIA

On Monday, Oct. 3, the three largest senior communities in Londonderry held their annual golf outing in honor of the deceased Tony Mesiti.

The Mesiti Corporation was the developer of the Nevins, about 12 years ago, Hickory Woods about seven years ago and currently Cross Farm. The intent of the event is to foster and encourage relationships between these like-minded active sen-

ior communities to participate in activities probably not available elsewhere. Over 70 men and women from those three communities came together for a continental breakfast, late lunch and participation in a golf tournament for fun, skill prizes and raffle awards on a blustery but great fall day. The tournament took place at Stonebridge Country Club in Goffstown. The format, known as a "bramble", consisted of two-person teams from each community paired

with two-person teams from a different community in a foursome. The two community teammates used the best drive on each hole and thereafter played their own ball, recording only the best score on each hole. The lowest six scores from each community in the men's division were used to determine the winner. The lowest three scores from each community in the women's division were used to determine the winner.

This year's tournament was organized by Paul Hallee and Rick Engler of Cross Farm with assistance by Tony Violanti of the Nevins and Marty Piekos of Hickory Woods. For the very first time there was a men's and a women's division. Also, for the very first time both the men's and the

The men's team from Cross Farm pose at the Clubhouse

women's team from Cross Farm had the honor of taking almost identical Mesiti Cup Trophy's back to their clubhouse, at least until next year's tournament. There were cash awards sponsored by the Mesiti Corporation, Xfinity and Stonebridge Country Club.

Prizes were awarded

for men's and women's longest drives, four closest to the pins on the par 3's and random raffles. One team from each community also won a cash prize for having the lowest two-person score. The prizes were spread out amongst individuals in all three communities, but it might be fair to give Cross Farm a little more recognition for their achievements this

year. As in four of the past five-years the margin of victory for the Mesiti trophy was extremely close. The Nevins has the responsibility of determining the date, location and format for the tournament next year. All-in-all it was a great day, bringing together three great, active, senior communities together for some fresh air, exercise and good fellowship.

Legion Football

Every Sunday during football season food is being served for only \$10 at 3 p.m. at American Legion Post 27, 6 Sargent Rd., Londonderry. The menu will change weekly and will be posted on Facebook, at the Post and sent via email.

Voter Information

The Supervisors of the Voter Checklist will meet at the Town Clerk's Office to correct the checklist

and register voters on: Nov. 1, at 6 - 7 p.m. To register to vote, one must provide: Proof of Londonderry residency. Proof of citizenship (passport, birth certificate, naturalization papers) Proof of age. Photo ID. Applicants for registration who possess proof of identity, age, citizenship, and domicile should bring that proof when they come to register. Qualified applicants who do not possess proof or who do not bring proof with them may register if they sign an affidavit attesting to their qualifications for identity, age, domicile and citizenship. Questions contact Kristin Grages Supervisors of the Checklist Town of Londonderry at 603-432-1100, ext 198.

Respect Life Essay Contest

The NH Knights of Columbus is once again sponsoring a Student Respect Life Essay Contest. The contest is open to any Jr-High (grades 6,7,8) and

Sr. High (grades 9,10,11,12) student in NH. The NH Knights of Columbus will make up to six cash awards of \$100. You do not have to be a member of the Knights or a Catholic. The theme for this year's contest is: "Even though the Supreme Court ruled there is no "right" to abortion in the Constitution (Dobbs), many mothers still experience fear and uncertainty. What can I do to help make abortion unthinkable?" Deadline: Midnight, Dec. 15, Rules: Essays may not be longer than 500 words; typed, and submitted as a PDF or Word Document and emailed to matu19@comcast.net. Include student name, age, grade, school, parent name and address, phone, parish and email. Students may obtain help & information, including from parents, teachers, friends, and internet, but the essay itself must be their own work. Further contest details may be obtained from K of C NH contest chairman John P.

Matuszewski (603-434-4098) or K of C NH State Pro-Life Chairman Ron Distasio (603-595-7837).

TOWN OF LONDONDERRY PLANNING BOARD

The Londonderry Planning Board will hold a public meeting on Wednesday, November 9, 2022 at 7 P.M. in Moose Hill Council Chambers to consider the following:

Public hearing on proposed amendments to the Londonderry Site and Subdivision Regulations which include adding a new definition of a "lot line adjustment" and minor changes to the number of copies and the manner of intaking, processing and accepting applications. The full text of the amendments is available at the Planning & Economic Development Department, the Town Clerk's Office, and the Leach Library.

Public Hearing for the adoption of the 2022 (FY 2024 - 2029) Capital Improvement Plan (CIP). The proposed plan can be viewed online or during business hours in the Planning & Economic Development Department.
