Dunn Hopes to Form Committee For Rockingham County Area

ALEX MALM
LONDONDERRY TIMES

At the two most recent Town Council meetings, Town Councilor, Ron Dunn, who also serves as a State Representative, discussed the potential of forming a committee to tackle different issues in Londonderry and in the area.

"The concerns in Londonderry regarding growth traffic, planning, and land use are factors we are all dealing with everyday," Dunn said. He said he was looking to form a committee to tackle some of the issues. "I'm looking at forming a committee with Rockingham County. This

committee would look at best practices among communities in Rockingham County. We could learn from other towns that deal with similar issues, how they deal with the issues differently, similarly, or maybe how maybe they have a more productive way that they deal with their

Budget Restraints Sparks Resignation of Fire Chief

ALEX MALM
LONDONDERRY TIMES

In what became a very emotional night at the Town Council meeting on Monday, Fire Chief, Bo Butler, offered his resignation.

The decision Butler said ultimately came down to his requirement to balance the budget, conflicting with what he thought was right, which was to have 13 firefighters per shift, after a warrant article passed in March with 70% of the vote, called for the staffing levels.

"As fire chief I have two obligations. The first obligation is to balance the budget the taxpayers provide me. The

second obligation is to protect the people that provide that service to the community that expect that service," Butler said.

Butler explained that "because the way my budget is trending right now, given circumstances that are outside of my control, I'm flying through those monies appropriated by the taxpayers so I've come to an inflection point. I have a decision to make. The decision is to cut services from 13, 12, down to 11 although the community told me they want 13, or not execute what I have to do as a fire chief because of my budget obligations."

"There are things worth fighting for still in this country for sure that I believe in with all my heart and all my soul which allows me to execute the way I'm going to execute in this instance," Butler said.

Instead of making cuts to staffing, Butler decided to tender his resignation.

"It's not that I can't give the order to drop services, but I won't give the order because I love these people, because I know their families, and their wives, and their husbands, and their children intimately. We are involved with each other's lives, which is hard

Study Reveals Traffic Impact of Technology Hill Project Plan

PAUL CONYERS
LONDONDERRY TIMES

On Oct. 2, the Londonderry Planning Board heard a presentation on the traffic impact of the Village at Technology Hill Planned Use Development. Engineer, Nick Golan, of TFMoran and TFMoran President, Bob Duval, attended the meeting to give an overview of what changes to local traffic Technology Hill could have on the town.

"There's a manufacturing component on the east, a daycare center, a small office, and a

small shopping plaza. That all together makes up the project, the Village on Technology Hill," Duval explained. "Basically, the whole site is at the east end of the airport on the north part of town."

He went on to say that every component of the project had its own impact on surrounding traffic patterns and added that the surrounding roads gave the area multiple entry points to distribute the traffic on work days. The development has two primary entrances near Akira Way and Kitty

Hawk Landing. "Signage will be a key element to make sure that we have folks traveling where they're supposed to," said Golan.

Trip generation measurements estimated around 490 morning and 540 evening trips from the completed development

Town Manager Responds to Resignation of Fire Chief

CHRIS PAUL
LONDONDERRY TIMES

In response to the resignation of Londonderry Fire Chief, Bo Butler, during the Monday night Oct. 7, Town Council meeting, Town Manager, Mike Malaguti, released the following retort.

Malaguti said, "Chad Franz and I learned of the Fire Chief's intention to resign entirely from the fire service ten hours before last night's Town Council meeting. While the details of that conversation are private, it is important to note that we asked the Chief to reconsider, and for more time. When he indicated his mind was made up, I asked the

Chief to remain a full-time member of LFD in some capacity."

He added, "The Chief shared his love and support for us, and we did the same for him. I made no attempt to discourage the Chief from saying his piece last night in a way that was true to himself, as I have always done with all town employees."

In reference to the allegations made at the meeting Malaguti said, "The picture presented last night by the multiple speakers following the Chief's departure is yet the latest, inaccurate portrayal of what is going on in the town departments, this time featuring a new low: the

discussion of a town employee's personnel material at a Town Council meeting recorded and broadcast across town. Since I appointed him just over a year ago, I have provided the Chief with the highest level of guidance, direction, coaching, and support, and have marshalled other resources to support him. It is noteworthy the Chief did not say otherwise.

The two budgets I have proposed to the Town Council since I became Town Manager include significant increases for LFD, including doubling the training budget which had not been increased since 2017, adding \$66,000 for

vehicle maintenance, \$18,000 for station maintenance, \$12,000 for the safety program, and \$126,497 for overtime. In my first three years in office, I have proposed and the Town Council has approved \$524,798 in budgetary increases for LFD, an increase of 6.5%. When this year's Article #15 proposing \$495,000 to hire additional firefighters is included, the budgetary increases the Town Council and I have supported rises to \$1,019,798, or 12.7%.

I am also proud that over the past three years, the Town Council and I have supported other significant LFD requests, including:

- \$709,969 in contract increases, which were ratified by the voters in 2022;

- \$495,000 in funding (year 1 expense) for additional firefighters to staff each battalion at 13, which the voters approved in March;

- \$120,000 in funding to equip each riding position with an infrared camera;

- \$146,135 in funding to purchase 4 mechanical lifts to move patients in and out of ambulances;

- \$44,360 in funding to purchase an additional command car in order to ensure there is a backup when one is out of service;

- The addition of a second deputy fire chief;

- The creation of the assistant fire chief position;

- \$2,255,928 in fund-

ing to purchase 2 new fire trucks;

- Funding firefighters to obtain paramedic schooling and credentials;

- \$173,293.88 in funding to equip each vehicle with a "minimum load out" of gear and equipment; and

- \$275,000 in funding for the fire equipment and vehicle purchase capital reserve accounts.

In sum, the residents of Londonderry should know that contrary to what was portrayed last night, the Town Council and I have supported more than \$5 million in new funding for the Fire Department since I took office in February 2022— an average of \$163,734 per month.

My staff and I have also worked closely with the Fire Chief to fill staffing vacancies. In the three years I have served as Town Manager, we have hired 22 firefighters. It took six years and two months to hire the 22 firefighters before that, meaning we have more than doubled the

pace of hiring since I took office. While LFD has been plagued by unfilled positions for years, the Town Council and I have supported filling each vacancy and we have retained these new employees. Our support for LFD does not end with funding decisions.

The Town Council, my staff, and I have been proud to attend fire academy graduations, pinning and promotion ceremonies, retirements,

and other important events that recognize the exceptional men and women of the Londonderry Fire Department.

The Town Council and I will remain committed to supporting our Fire Chief, command staff, and the members of 3160, and I will continue to do my job managing the Fire Chief and his town department. To clear up two inaccuracies that were posted by Local 3160 on social media, and alluded to last night, neither the Finance Director nor I have "mandated that Chief Butler reduce staff from 13 to 11 members per shift." Instead, we informed the Chief that his overtime budget is trending \$200,000 over budget just one quarter into the fiscal year, and we answered the Chief's questions about possible strategies to address this trend. Similarly, the Chief was not "threatened ... with disciplinary action if he does not comply." This assertion is entirely made up.

We will continue to support LFD as careful stewards of the taxpayers' money that has been entrusted to our care, as we balance LFD's needs against the needs of our other vital first responders, the Police Department and DPW Department, whose work is equally important, so that Police and DPW spending and hiring do not need to be frozen for the second year in a row because of an LFD overtime deficit."

Town Council OK Master Plan Funds, Warn Spending

ALEX MALM
LONDONDERRY TIMES

At the Sept. 30 Londonderry Town Council meeting, during public comment, Town Councilor, John Farrell, explained that he experienced something he has only experienced a few times recently which he called the "Market Basket Miracle."

"I went to Market Basket today and spent less than \$100," he said.

He explained that as they go into budget sea-

son, it's important to recognize that everything has gone up in cost.

"As we go into the budget season, what I want to call to the government bodies is that we need to be careful. We need to take this into consideration. We can't keep pushing and pushing more dollars out onto people," Farrell said.

Farrell explained that he thinks the Council and other government

bodies "have to look at what is really needed to continue to support this aging community that we live in and what's necessarily for that."

Also during the meeting, one of the agenda items was in regards to authorizing funds to be spent on the Master Plan.

In a resolution it explained that a 2008 warrant article was approved by voters to establish the Master Plan Capital Reserve

Fund. The proposal was to withdraw \$6,235.90 for the bills that they had to pay so far.

Town Manager, Mike Malaguti, explained that there is about \$69,000 in the Fund right now.

"It is for the assistance of the regional planner in liaising with staff attending various community events," Malaguti said about the initial cost.

He said that the \$6,200 would be for the

first month and a half or two months worth of work.

The Town Council unanimously approved the withdrawal request.

The Town Council was also presented with a request to accept unanticipated revenue.

The unanticipated funds was from a Highway Safety Grant by the NH Office of Highway Safety and National Highway Traffic Safety Administration for the amount of \$14,400.

It was explained by Malaguti, that the grant funding is for traffic enforcement saying specifically it's for extra patrols.

"Some traffic enforcement work that this money will fund and facilitate," Malaguti told the Town Council.

The unanticipated revenue request was unanimously approved.

The Town Council is set to meet again on Oct. 21 beginning at 7 p.m.

Reverend Morrison Meetinghouse Committee Discuss Findings

ALEX MALM
LONDONDERRY TIMES

The Town Council received an update from the Reverend Morrison Meetinghouse Study Committee during its most recent meeting.

Derek D'Anna, Vice Chair of the Committee, said the first steps of their process was to "understand what is needed to meet town codes," including understanding the overall stability of the building, the costs of renovating, the cost of water diversion, and to understand the needs of a general manager for the project.

At this point, D'Anna explained that they are looking to be able to hire a structural engineer who is well versed on post and beam, and

historical buildings.

Depending on what the structural engineer concludes, from there the Committee envisions the need to go out for different quotes including for renovation, water diversion, and for the structure if needed.

D'Anna explained that they are looking at two different potential options to present to the voters, one being turning it into a rental hall open to the public without a kitchen.

Some of the benefits pointed out includes it being the lowest cost option for renovation, and allows another affordable rental option in town.

Some of the issues noted include the town

potentially having to cover all maintenance and utility costs if there aren't enough rental use, and also that it may take away from rentals at the Historical Society barn and the hall at the Senior Center.

It was noted that they would take the kitchen out, and it would instead be able to be used for different catered events.

Another option would be to have it as a rental use for the public with a kitchen still.

It was noted that if they went with that option they would have another rental space in town, and that it would be the best way "to keep and preserve the town's history."

Some of the potential drawbacks, however, with that potential option include a higher cost, along with the town potentially being on the hook for maintenance costs.

While the Committee hasn't sought any concrete estimates, D'Anna said some of the rough estimates would be between \$800,000 and

\$1.2 million for Option A, and \$950,000 and \$1.65 million for option B.

The Town Council gave its consensus to see how much it would cost to hire a structural engineer to get an assessment done in order to see what they would need to get estimates for as part of phase 2.

Once that phase is completed, the Committee said the next step would then be to present to the Town Council for any possible action.

Town Manager, Mike Malaguti, also noted that they should consider how they want the Committee to operate moving forward, if at all, once its initial charge is completed.

Editorial

“Smoke Alarms: Make them Work for You”

This editorial is courtesy of the National Fire Protection Association

Oct. 6-12 is Fire Prevention Week this year's theme is “Smoke alarms: Make them work for you”

The latest “Smoke Alarms in the US.” report, said working smoke alarms reduce the risk of dying in a home fire by 60%, while the majority of civilian home fire deaths continues to occur in homes with no smoke alarms or no working alarms, according to the US Consumer Product Safety Commission (CPSC) survey.

“Smoke alarms can make a life-saving difference in a home fire, but they have to be working in order to protect people,” said Lorraine Carli, vice president of Outreach and Advocacy at NFPA. “This year's Fire Prevention Week campaign drives home just how important it is to install, test, and maintain smoke alarms to ensure they're working properly.”

The survey also showed that many households have inaccurate perceptions about the age, functionality, and maintenance requirements of their smoke alarms. Nearly one in five households believed all alarms would be working but had at least one functionality issue when tested, including dead batteries. Additionally, only half of households were always accurate about the age of their alarms.

“People tend to be overconfident about their risk to fire, which often leads to a sense of complacency that compromises safety,” said Carli. “This

year's Fire Prevention Week campaign works to better educate people about their true risk to fire and the steps needed to make sure they're adequately protected in the event of one.”

Essential fire safety messages for this year's Fire Prevention Week theme, “Smoke alarms: Make them work for you!” include the following:

- Install smoke alarms in every bedroom, outside each separate sleeping area (like a hallway), and on each level (including the basement) of the home.

- Make sure smoke alarms meet the needs of all family members, including those with sensory or physical disabilities.

- Test smoke alarms at least once a month by pushing the test button.

- Replace all smoke alarms when they are 10 years old or don't respond when tested. To learn more about Fire Prevention Week and this year's theme, visit fpw.org. Additional Fire Prevention Week resources for children, caregivers, and educators can be found at sparky.org and sparkyschoolhouse.org.

For more than 100 years, Fire Prevention Week, the longest-running US public health observance on record, has worked to educate people about the risk of home fires and ways to minimize them. Local fire departments, schools, and community organizations play a key role in bringing Fire Prevention Week to life in their communities each year and spreading basic but critical fire safety messages.

Take the time to check your alarms to be safe.

Letters

Double Standard by Town Council

To the editor,

Our most recent council meeting on Monday, Oct. 7, left many in our community feeling shocked and deeply dismayed. The unexpected resignation of Fire Chief Bo Butler has resonated powerfully, especially given Chief Butler's heartfelt words about his love for our community and his dedication to his principles.

When a respected and devoted leader like Fire Chief Bo Butler steps down, the impact is profound. His departure creates a sense of loss and uncertainty, as he was a trusted figure of safety, service, and stability. His resignation prompts reflection on the dedication he brought to his role and the integrity he stood for, values the community will undoubtedly want to uphold.

During the meeting, Councilor John Farrell expressed visible frustration and surprise, only learning of the situation five hours before the meeting, leaving him, as he said, without time to “fix it.” Former councilman Jim Butler also spoke during public comments, referring to the “Laura Gandia situation” and asking if the council was aware of personnel concerns involving the town's department managers, to which council members replied they were not.

Reflecting on Jan. 23, 2023, the “Laura Gandia

situation” involves the unexpected layoff of Laura Gandia by Town Manager Malaguti under a “reorganization plan” that had not been previously discussed. At that time, the council upheld that per the Town Charter, section 4.8, they do not interfere with town administration. Both Mr. Butler and Mr. Franz supported this stance, with Mr. Farrell reiterating that personnel decisions lie solely with the Town Manager.

This raises pressing questions about Londonderry's leadership. If Mr. Farrell now expresses regret for not having time to address a personnel matter, how could he do so while adhering to the council's stance? If council members like Mr. Butler urge action on staffing issues, why then dismiss it as outside the council's purview, as was the answer back in January 2023?

Over the last two years, town employees have written to the council describing a workplace marred by bullying, intimidation, and harassment - yet no action has been taken. Monday's disclosure of the council's stance to “just wait two weeks and it will blow over” reflects poor leadership. Ignoring issues has led to valuable leaders resigning on principle, a work culture of fear, and taxpayers bearing the costs of legal fees and being serviced by employees who have lost all trust and productivity in leadership.

The council's unwa-

vering support of Mr. Malaguti raises the question: Is this the kind of leadership Londonderry wants?

Words Of Thanks

To the editor,

The Londonderry Child Passenger Safety Program would like to take this opportunity to thank the many folks that made our National Seat Check Saturday Car Seat Inspection Event a big success. Certified Car Seat technicians, from many parts of the state, came together to inspect the car seat installations of several families on Saturday, Sept. 21 at the Londonderry South Fire Station. We would like to thank the members of the Londonderry Women's Club. The club came forward, for the second year, willing to help our program in any way they could. The Club and its members provided many volunteers to assist us and donated coffee/ breakfast and lunch for all of the car seat technicians, so greatly appreciated. Another word of thanks to Hannaford's for providing the lunches, provided by the Londonderry Women's Club at a discount, all were delicious and the technicians truly appreciated the wonderful food after many hours of inspecting car seats. Lastly we would like to thank the Community Relations

Fire Chief

Continued from page 1 for someone that doesn't understand the fire service to truly realize how important these people behind me are to me and I'm not going to be the chief to violate my own character, and my own integrity, and my own principle to come under budget at the cost of their health and safety first and foremost," Butler said. "And any chief that thinks otherwise needs to realign his priorities."

He added: "So I am providing you my resignation tonight as chief of the Londonderry Fire Department."

No decision was made by the Town Council during the meeting to accept the resignation or not.

During Butler's speech, he asked the rank in file, to maintain its composure.

"The community will rise to the occasion but it takes this sacrifice to get there, it will, I know my hometown you will

get the money you need to carry out your mission to be safe so you can provide the service to the people that are counting on you, and then give you every tool you can to get back home to your loved ones in one piece," Butler said.

Town Manager, Mike Malaguti, in a statement to the Londonderry Times, wrote "Chad Franz and I learned of the Fire Chief's intention to resign entirely from the fire service, ten hours before last night's Town Council meeting."

"While the details of that conversation are private, it is important to note that we asked the Chief to reconsider, and for more time. When he indicated his mind was made up, I asked the Chief to remain a full-time member of LFD in some capacity," Malaguti wrote. "The Chief shared his love and support for us, and we did the same for him. I made no attempt to discourage the Chief from saying his

piece last night in a way that was true to himself, as I have always done with all town employees." Malaguti's response, in its entirety, can be read on page 2.

In a Facebook post Tuesday morning, Christopher A. Schofield, the President of Local 3160, which represents the Fire Department's rank in file wrote "This past March, the citizens of Londonderry overwhelmingly supported Warrant Article 15, which called for the addition of four firefighters, ensuring that each shift would be staffed with 13 personnel. This decision, made by the community, prioritized public safety and provided our firefighters with the necessary resources to protect the town effectively."

"However, town leadership has chosen not to follow the wishes of the community. Instead, they have unfairly placed blame on Chief Bo Butler for circumstances outside of his control," Schofield wrote. "The Town Manager has now mandated that Chief Butler reduce staff from 13 to 11 members per shift, despite the clear directive from the voters. They have

also threatened him with disciplinary action if he does not comply."

Schofield also wrote about Butler's character saying "Chief Butler, a man of deep principles and unwavering integrity, refused to compromise the safety of our citizens or go against the will of the community. Last night, he made the difficult decision to resign from his position. His resignation is a tremendous loss for our department and town, but it is a testament to his dedication to doing what is right for the people of Londonderry."

"This is not the first time that town leadership has disregarded the well-being of our citizens and employees. Last year, Town Manager Malaguti and Finance Director Campo instituted a town wide budget freeze, which led to a reduction in services, including the closure of the Central Engine Company," Schofield wrote. "Despite these cuts, the town ended the fiscal year with a budget surplus of nearly \$600,000, which will likely be deposited into the undesignated fund balance. This surplus was achieved at the expense of the community's safe-

ty and the well-being of all town employees."

Schofield ended his letter by saying, "We call on town leadership to respect the wishes of the people of Londonderry and honor the staffing levels that were approved by the voters. Public safety must not be compromised for financial maneuvering, and our firefighters should not be forced to work under conditions that put them and the community at greater risk."

"We ask for your continued support as we advocate for the safety and well-being of Londonderry," Schofield wrote.

Battalion Chief, Bruce Bruce Hollowell, spoke during the meeting, telling the emotional story of almost dying during a call two years ago. He said the person who saved him was Butler.

"We were 30 seconds in this community away from a line of duty death. That's what we're talking about. And the man that just left here he saved my life," he said.

Hollowell said he also hoped there would be a way for him to return.

"So I ask, I beg, please restore the ability for our leader to return to his post," he said.

Dan Bouchard, a former Londonderry police officer, said he saw Butler grow up, and said unlike some past depart-

ment heads, the fire department supports Butler.

"We wanted the 13 on staff, I'm an elderly person, I have a community that has a lot of elderly people, we have a lot of elderly people in the community," Bouchard said.

Bouchard also urged the Town Council to think about the decision taking place.

"I don't know what happened here, but it's not good to lose Bo Butler as the chief, and please don't let him walk away," Bouchard said.

Former Town Councilor, and the father of Bo, Jim Butler, spoke during the meeting, raising concerns, including a letter Bo received from Town Manager, Mike Malaguti, about a five day suspension without pay.

"I saw a letter from my son, who's never had a problem, people have said he's done great things, he's got great reviews, I saw a letter from your Town Manager that said he was going to get suspended for five days without pay," Butler said.

The Londonderry Times has not received a copy of the letter mentioned.

"I'll tell you something, you have a management problem here, look into it," Butler said.

Editors Note: A full rebuttal letter from Malaguti can be found on page 2.

Study

Continued from page 1

ment. However, he was optimistic those numbers would be lower due to the “internal capture” of residents staying and working within the Village.

Londonderry’s Engineering Director, John Trottier, noted that traffic is always an “interesting subject” with large-scale projects in town, and there was an earlier traffic scoping meeting to address the issue.

“This project fits comfortably in the existing network and has room to spare for future development either off-site or onsite,” said Duval.

He did not think traffic mitigation would be

needed, even after looking at ten-year predictions. The proposal did include adding left-turn lanes at the intersections of Technology Road/Harvey Road and Kitty Hawk Landing/Grenier Fiel Road. Evan Drew from Stantec, who had years of experience reviewing traffic around Londonderry, confirmed much of what was presented and stated that studies had also been done at alternatively adding turn lanes to the intersection at Akira Way/Harvey Road.

“Our suggestion was to monitor for the future at Akira,” said Drew. “Let’s discuss, maybe it does make sense to put it at Akira, maybe it induces demand, there’s all of these other factors. With planning and

traffic studies there’s a lot of assumptions.”

TF Moran did not want to interfere with an existing traffic calming project on Mammoth Road. Members of the Planning Board had a few questions.

“What is the agreement on the need for a left run lane?” asked Secretary, Lynn Wiles. “We’re going to leave it as-is for the foreseeable future until traffic dictates we do something different?”

The Town Engineer and the Golan stated this was not the case. They only wanted to gather more information to see if a left turn lane should be added at Akira Way or Technology Road. Currently, studies favor the latter option.

Dave and Patricia Robins of 532 Mammoth Rd. also sent an email to the Planning Board saying homeowners in the area were “seeking a solution to the growing speed and traffic issues” in the area. The couple

worried about some of the changes the traffic study would make to Mammoth and Page Roads and how adding a four-way stop would make noise problems worse.

The Londonderry

Planning Board unanimously voted to approve the traffic plan conditionally.

The Board is scheduled to meet again on Wednesday, Nov. 6 at 7 p.m. in the Moose Hill Conference Room.

Teams from Londonderry Fire Rescue and Londonderry Police Department, as well as the Battalion 3 crew from Londonderry Fire Rescue. Your support and assistance went a long way to make this event a success. There were 6 car seats/cars inspected and ALL needed some sort of correction to ensure the safety of the little ones traveling in their cars.

We also donated 1 seat to replace a car seat that was involved in a crash. If you were not able to attend, but would like to get your car seat installation inspected, or have questions on the safety of your child while traveling, please reach out to our program, we would love to assist. You may contact the program via e-mail: cps@londonderrynhfire.gov or leave a message on our information line: 603-432-1104 ext. 4623. For

additional information on car seat safety and information on additional events in the state, or to become a Child Passenger Safety Technician, you may visit the state’s website: www.seat-smart.nh.org.

Respectfully,
Vinnie Curro

County Committee

continued from page 1

issues. This committee would focus specifically on areas of concern to take a deep dive into areas of how to address them,” Dunn said.

He explained that they all want local control and don’t want the State to take over saying “We all agree on that.”

“So we don’t want the State telling us how to run our town,” Dunn said.

Dunn explained that

the Committee would allow them to learn more from other towns “on how they deal with specific laws or regulations.”

He explained that the way he envisions it is that anything that may need to be changed at the State level could be changed or repealed, then it could be presented to the Committee.

“We may find in the end that there is no action needed at the state level.” Dunn said.

Dunn explained that they would look at the different issues as a county “to figure out how to solve these problems together.”

During the Sept. 23 meeting, Planning Board Chair, Jake Butler, said, “I think it’s a really good idea,” in regards to the Committee saying a lot of the issues into the town’s Master Plan which they are currently in the process of updating. He said once they start getting more feedback from the communi-

ty about what they are looking for then they would have a better sense of what they may want to have changed.

Town Councilor, Shawn Faber, said he thinks that the committee should also include

other communities part of the 93 corridor including places like Windham, Pelham, and Hudson.

Dunn said if he is re-elected in November he would plan on submitting a bill right away when he is allowed to in

order to allow them to have a Committee formed with Rockingham County representatives and others.

The next Town Council meeting is slated to take place on Oct. 21 beginning at 7 p.m.

OBITUARY

Kim P. Flattery

Kim P. Flattery, 63, of Derry, NH died Wednesday Oct. 2, 2024 in the Elliot Hospital, Manchester, NH. Kim was born in Gloucester, MA on Feb. 16, 1961, a daughter of Frederick and Barbara (Newman) Flattery. She had resided in Derry for the past 40 years, formerly living in Londonderry where she was educated.

Kim was a great animal lover and especially loved butterflies. She had two parakeets which she loved dearly. Kim loved her family and had a huge heart.

She is survived by her mother, Barbara (Newman) Flattery of Londonderry, two brothers, Craig Flattery and his wife Donna of Londonderry, and Wayne Flattery of Derry, also several aunts, nieces and nephews.

There are no calling hours. Private graveside services will be held at Holy Cross Cemetery, Londonderry. The Peabody Funeral Homes and Crematorium of Derry and Londonderry is assisting the family with arrangements. To send a condolence, please visit www.peabodyfuneralhome.com.

LONDONDERRY SPORTS

Lancers Saddle Broncos with Lopsided 44-Point Loss

CHRIS PAUL
LONDONDERRY TIMES

Coming off a disappointing loss on Mack Plaque weekend, the Londonderry High School Football team responded with a 44-point thrashing of the Alverine Broncos at Lancer Park on Friday night, Oct. 4.

The Lancers never allowed their opponents get score in the lopsided victory and were able to put points on the board in every one of their possessions.

Londonderry put up 20-points in the first quarter, another 10 by halftime, and 14 more unanswered points in the second half.

The home team posted nearly 500-yards in total offense with 450-yards coming on the ground and 46 passing yards.

The Alvirne High School squad tallied 184-yards of total offense, with most of that coming through the air, with 147 passing yards.

Interestingly enough, both teams' were fairly even in time of possession with LHS finishing with 24:41 minutes while AHS had the ball for 23:19 minutes.

It only took London-

derry five plays for the games first touchdown, scoring in less than two-minutes after starting from the 20-yard line. Senior quarterback, Sam Ogden, handed the ball off to senior running back, Carson Palma, at the Broncos 31-yard-line where he carried it into the endzone for a 28-yard touchdown run.

Senior kicker, Blake Thompson, added the extra point and was perfect in all but one attempt in the game.

The Broncos first drive was riddled with penalties, with an illegal shift and two false starts, resulting in a punt after six plays.

Londonderry's following possession, starting at the LHS 36-yard line, resulted in another quick touchdown, this one in just four plays.

Junior running back, Adrian Cruz, had a 65-yard run to put the ball in the endzone at 6:21 in the first quarter. Ogden handed off the ball to Cruz at the Lancer 32-yard line and took the 13-0 lead.

Thompson's extra-point attempt was blocked by Alvirne's Ryan Rocheleau.

Alirne's second drive of the evening looked as though it would be pro-

ductive, with Nao Rao catching a 35-yard pass from senior quarterback, Charlie Crawford, but an unsuccessful fourth-and-13 put the ball back in the hands of LHS at the 26-yard line with 3:36 left in the first.

Londonderry's third touchdown was on a quarterback keeper by Ogden at mid-field. Ogden ran the ball from the 49-yard-line to pay dirt with just :17 seconds left in the first.

The Broncos looked as though they would bounce back in their third drive of the game moving down the field in 14-plays and driving 43-yards only to have a fumble at the five-yard-line spoil their chances.

Rocheleau made a catch at the 17-yard line, but had the ball stripped at the 10-yard-line by senior Devin Boles.

Junior J-Veion Teeter picked it up and ran it to the AHS 29-yard line, where it took just three plays for another seven points.

Senior quarterback, Alexander Villa, finished the short drive with an eight-yard touchdown run at 5:36 in the second for a 27-0 lead.

Another impressive long lead drive by the

visitors did not result in points on the board for the Broncos.

An incomplete pass in the endzone from the nine-yard-line put AHS at fourth-and-four where they failed to convert.

Crawford was sacked by senior Colin Couture on fourth down, putting the Lancers at the 16-yard-line with :22 seconds left in the half.

Ogden set up the final three-points on the half with a run to the Broncos 30-yard-line, with :10 seconds left.

A short pass play to senior Ethan Wheeler gave Blake Thompson a 34-yard field goal attempt to make it 30-0

Lancers Boys' Soccer End Week with a Win and a Tie

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Boys' Soccer team had another week ending with a win and a tie, putting them in fourth place in the Division I standings with five games left

in the regular season. The 4-1 win over the Portsmouth Clippers and the 3-3 tie at Hanover High School put the Lancers at 6-2-3, putting them in good shape as they prepare for the post season.

Londonderry began

the week on Tuesday afternoon, Oct. 1, heading to the border of Vermont to take on the 6-3 Hanover Bears where LHS took a two goal lead early, but then gave up two to finish the half at 2-2.

The Lancers first goal came from junior mid-fielder, Leo Sochanek, at 14:00, with the assist going to senior forward, Tiago Keyes.

At the 24-minute of the first, Keyes tallied an unassisted goal for the 2-0 lead.

Hanover erased the lead before the half with goals at 28:00 and 34:00.

In the second half, Keyes made it 3-1 at 14th minute, assisted by junior mid-fielder, Caden Jordan.

The final goal of the game came at minute 31 in the second half, by Hanover, spoiling the Lancers victory celebration.

Senior keeper, Noah Celio, had three saves, while Hanover made four.

Head coach, Todd Ellis, commented after the long road trip, say-

ing, "Hanover is a tough place to travel to play and we had a lot going against us during the game. The team played a great first 25-minutes, but then lost focus in the remaining 15-mins and let Hanover back in."

He added, "We need to play better team defense especially in the final third. We owned the second half for the most part, and things beyond our control got in the way. We need to learn from this, and be better."

Ellis was happy with his senior forward's performance, saying, "Tiago had his best game of the season."

The Lancers returned to their home turf on Thursday, Oct. 3, where they captured a 4-1 win over the Portsmouth Clippers (5-4-1).

In the first half, Jordan scored off a corner kick from senior mid-fielder Zach Mantegari at 22:20.

Portsmouth made it 1-1 before the halftime whistle blew though.

In the second half, the Lancers took control, scoring three more times for the lop-sided victory

At 50:55 Khoi Totten scored off a rebound. At 60:00 Zach Mantegari had an unassisted goal and at minute 79:00, Will

Gingrow got his first varsity goal with a header off of a Keyes corner kick.

The LHS offense had 12 shots turned away by Portsmouth.

Ellis commented, "I thought we bounced back well on a short week after a frustrating Tuesday Night game. We really controlled the game well except for a lapse in judgement, when they scored their goal off of their throw in."

The Lancer played Manchester Memorial (1-8-1) on Tuesday and will travel to Windham on Friday to take on the 5-4-2 Jaguars.

Lancers senior forward, Tiago Keyes had two goals and an assist against the tough Hanover defense last week. Photo by Chris Paul

Londonderry Girls' Soccer Wrangle Third Victory

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Girls' Soccer team had gone five games without a win, but by the end of last week they were able to secure a one-goal victory on the seacoast.

The Lady Lancers started the season at 2-2-1, with a somewhat promising start, but since then, goals got a bit harder to come by and they had been winless over five games, settling for one tie and four losses in that stretch.

On Thursday, Oct. 3, at Portsmouth High School the LHS girls

were able to come away with a 1-0 victory over the Clippers.

Senior mid-fielder, Reagan Anderson, had the lone goal in the contest with senior forward, Kate Sloper, getting the assist.

Senior goaltender, Reagan Delude, had seven saves in the tight contest.

The win put Londonderry at 3-6-2 and Portsmouth went to 4-4-3 with five games left in the regular season.

Earlier in the week, on Tuesday, Oct. 1, at Hanover High School, the Lancers fell 2-4 to the Bears.

Anderson and freshman Jackie Heimsath had the two goals for Londonderry.

Anderson was assisted by senior Jaelynne Kelly and Heimsath's goal was assisted by Anderson.

Delude had a very busy day in net, needing to make 14 saves on the 18 shots at her goal.

On Tuesday, Oct. 8, the girls went for their fourth victory against Manchester Memorial (2-7-1), in the Queen City.

On Thursday, Oct. 10, they are scheduled to play the Windham Jaguars (3-5-4) at home, starting at 6 p.m.

Lancers Cross Country Teams Head to Battle of the Border

CHRIS PAUL
LONDONDERRY TIMES

The Londonderry High School Cross Country teams headed to Hudson on Saturday afternoon, Oct. 5, where they participated in the 20th Annual Battle of the Border Cross Country races between teams from Massachusetts and New Hampshire.

Alvirne High School hosted the event and it will also be the site for this year's NHIAA Meet of Champions.

Six races were held throughout the afternoon, starting with the Freshman 3,200 Meter Run for both boys and girls; the Girls' and Boys' 5K Junior Varsity races; and the 5K Varsity races.

For the Girls' Varsity: Oyster River took first place with a score of 49-points; Pinkerton Academy followed closely in second place with 56-points; and North Andover took third with 130-points. The Lancers girls' team finished in fifth-place with 189-

points and there were 139 runners in the race.

Junior Makita Barry of Bedford High School was the first place finisher with a time of 17:36.7. She had a 40-second lead over senior Haley Kavanagh of Oyster River (18:16.4). Senior Anna Fondakowski came in at third with her time of 19:02.8.

The top Lancers runners were: Senior Sayde White at 27th place with a time of 20:39.3; Freshman Stella Dutton took 34th with a time of 20:50.9; Freshman Anna Laufersweiler was 36th, with a time of 20:54; Sophomore Gabriella DeLong came in at 37 (20:58.1); Junior Drewanna Sherman had a time of 21:54.2 for 55th; Junior Ella DiBuono placed 63rd with a time of 22:13.7; and sophomore Harper LaBonte had a time of 22:15.5 and placed 65th.

In the Boys' Varsity 5K: The team from Pinkerton Academy took first with a score of 50; Nashua South was sec-

Londonderry senior Sayde White was the first Lancer to finish at the Battle of the Border.

Lancer junior Carson Fitzgerald finished tenth at Hudson on Saturday. Photos by Chris Paul

ond with 87-points; Salem High School took third place with a score of 143.

The Lancers squad took sixth-place with 189-points and there were 167 runners being recorded.

Concord High School junior Josiah Conley

came in with a time of 15:11.9 for first-place. In second, 20-second behind Conley was senior William Simard at 15:31.3. Graham Heinrich, of Marshfield Mass., was third at 15:36.

The Lancers team's top runner was junior Carson Fitzgerald, finishing in tenth place with a time of 16:06.8; fellow junior, Josh Twomey finished at 16:20.2 for 16th place; Junior Jack DiBuono had

a time of 16:59 for 34th place; Junior Cash Robles placed 58th (17:39); Sophomore Mason Hernandez finished 71st (17:59.4); Senior Alex Vaccaro 78th (18:06.8); and sophomore Joey Ganey was 103rd (18:47.3).

Earlier in the week, on Tuesday, Oct. 1, the boys hosted a 5K dual with Windham where they were a point shy in the results. The Jaguars won 27-28.

Fitzgerald finished

first at 18:23; fourth went to Twomey at 18:43; DiBuono was 6th (19:26); Vaccaro took 8th (19:48); and Robles was ninth at 19:54.

This was Fitzgerald's third win of the season, also winning the Bobcat Invitational and the Mack Plaque race.

Robles has continued to steadily improve during the season, scored for the first time this season as the Lancers fifth runner.

Football

continued from page 9 at the half.

Londonderry had a touchdown in each of the final quarters to finish at 44-0.

Ogden had a 50-yard run to the endzone in the third and senior Griffin Massahos had a five-yard run for a touchdown to finish the game.

The win put Londonderry at 3-2 and back at

Sam Ogden had a 50-yard touchdown run.

the top of the Central Division standing, after seeing Pinkerton drop their first game of the season, losing 13-27 to Salem.

Alvirne High School dropped to 3-2, where they fell to fourth in the Central standings.

Londonderry will head to Gill Stadium on Saturday, Oct. 12, to take on Manchester Central who's looking for their first win of the season.

OBITUARY

Dennis Ray Whorley

Dennis Ray Whorley, 79, of Londonderry, NH, passed away Monday, Sept. 16, 2024, at Catholic Medical Center in Manchester, NH. He was born on July 9, 1945, in Bedford, VA, a son of the late Clarence and Gertrude (Burnette) Whorley. He had been a resident of Londonderry for the past two years, formerly living in Chester, NJ.

Dennis was an integral part of the Chester, NJ community. He served on the library board for many years and was a member of the Chester Optimist Club. Dennis enjoyed playing guitars and taking beautiful photographs that decorate his family's homes. He will be sorely missed by all.

Dennis is survived by his loving wife of 57 years, Nancy (Strople) Whorley; son, Andy Whorley; two daughters, Shannon Robinson and April Robbins; four grandchildren Hailey Robbins, Cameron Robbins, Winfield Robinson, and Brandon Robbins; and his sister, Carolyn McKee.

Following cremation, the family will hold a private service at a later date. In lieu of flowers memorial contributions may be made to the American Heart Association. The Peabody Funeral Home & Crematorium is assisting the family with arrangements. To send a condolence please visit www.peabodyfuneralhome.com.

Field Hockey Squad Look for Fifth Win

CHRIS PAUL
LONDONDERRY TIMES

After winning in a close decision with the Salem Blue Devils two weeks ago, goals and victories have been hard to come by for the Londonderry High School Field Hockey team.

Last week the Lancers suffered two more defeats, to put their record at 4-7 with five games left in the regular season.

On Monday, Sept. 30, the LHS team finished the month on the seacoast where they battled the Winnacunnet Warriors in a 5-2 loss.

Sophomore Gemma Murray had one of the two Londonderry goals, assisted by junior Alison Chambers.

The second was an unassisted Lancers goal

by Chambers.

Sophomore goaltender, Molly Tharrington, had six saves in the defeat.

Two days later, at home against the Timberlane Regional High School Owls, it took five periods of play to decide a winner.

The Owls prevailed over the Lancers with a 3-2 overtime win.

Londonderry goals went to junior Ere Delorey assisted by senior Sara Daniels.

Junior Avery Stowell added an unassisted goal to put Londonderry ahead 2-1.

Tharrington had five saves against the Warriors.

Londonderry was scheduled to face Portsmouth (0-11) at home on Tuesday, Oct. 8, where LHS should be

Gemma Murray had one of the two Londonderry goals against the Warriors. Photo by Chris Paul

able to get their fifth win. The Clippers have only scored one goal the entire season.

They will travel to the State Capital the following day to play the 9-3 Crimson Tide.

Classified Advertising

READERS ARE CAUTIONED that we occasionally run ads that require an initial investment or money in advance. We urge our readers to **"do their homework"** before responding to any ad, check out the advertiser thoroughly and verify their claims to your total satisfaction. Only then should you proceed at your own risk. We try to screen ads that require you to send money before receiving a product or service. But these efforts are no substitute for your own investigation, and we don't endorse or guarantee any claims made in any of the ads we publish. If you want more information about claims made in ads on subjects such as work at home opportunities, travel or vacation specials, purchasing land or vehicles from government surplus or below wholesale, loans or other credit opportunities (including credit repair), or weight loss and other health products and services, we urge you to contact the Office of Attorney General, Consumer Protection Bureau, 33 Capitol Street, Concord, NH 03301 (603-271-3641) or the Better Business Bureau at 603-224-1991. Publisher is not responsible for any loss of business if an ad does not run, and we reserve the right to revoke any ad if deemed necessary. No refunds will be given for prepaid ads.
