Hampstead Planning Board Reviews, Continues Applications

ALEX MALM
NUTFIELD NEWS

HAMPSTEAD - The Hampstead Planning Board held its meeting on March 7.

During the meeting one of the agenda items discussed was in regards to a amended site plan for boat storage at 24 Hazel Dr.

Tim Lavelle from James M. Lavelle and Associates was representing the owners at the meeting.

Lavelle explained that the original plan was for it to be boat storage and has been expanded to show a buffer restoration plan.

Lavelle presented the board with a letter earlier in the day with an estimate for the landscaping and indicated a cost of \$8,250 for the 40 plantings. He said that he also dropped off a set of plans to the Building Dept/Code Enforcement earlier that day so that they

could weigh in.

It was noted by Lavelle that it was difficult to get pricing or a commitment for the number of trees needed to restore the buffer.

Selectmen Ex-Officio Sean Murphy said that he thinks that there are a lot of unanswered questions in regards to the proposed amendments.

Town Engineer Steve Keach said that it wouldn't be an easy task to get the

large number of trees being proposed for the plan.

His suggestion was to call a nursery supplier directly and noted that Canadian Hemlock might be a good variety to incorporate into the landscape plan.

The Board ultimately approved continuing the application until the April 4 meeting.

Also during the meeting Planning Board Chair Stephen Wentworth read a

letter from Meridian Land Services regarding Camp Tel Noar. In the letter they asked for a continuance to September 2022.

With a vote of 6 to 1 the Board voted to extend the conditional approval until the Sept. 6 meeting.

In other news Planning Board member Bob Villella recognized Chuck Ashford for the three years of service he has given to the Planning board.

Alternative member DJ Howard noted that he was interested in continuing as an alternative member of the Board. It was also noted that Susan Hastings, another alternative member would need to express her interest if she wants to continue as an alternative member since her term is up as well.

The next Hampstead Planning Board meeting is slated to take place on April 4 at 7 p.m.

Wason Pond Commission Approves Mailbox For Notes

ALEX MALM
NUTFIELD NEWS

CHESTER - During the March 7 Wason Pond Conservation Commission meeting the Commission heard from Chester resident Mary Dutton regarding a proposal to put a mailbox up on the bench overlooking the pond.

She explained that a few years ago she had a tupperware container with a rock on top of it where people could put different notes and photos in as they went walking on the path.

"It was really nice," said Dutton.

She explained that a year ago, she went there and it was gone.

Dutton explained that her proposal was to put up a mailbox with a book in it in order to keep it out of bad weather. She wanted to get permission from the Commission before doing so.

She also noted that she has one in her yard as well and many people stop by to leave notes.

"It's just a nice thing to

do," said Dutton.

Dutton explained that her son is a carpenter and would be the one who would build the mailbox. She said that if the Commission doesn't want it attached to the bench then he could build a post for the mailbox and then attach it to it.

She said that she would

put something like "Wason Pond Notes" on the mailbox in order for people to know what it is.

"I don't see a problem with putting the mailbox out there," said Commission Chair Chris Hadik.

A suggestion made was to go there every so often to take a photo of the book in order to have a record of

it in case it goes missing.

It was suggested by Selectmen Liaison Chuck Myette that they make the mailbox as natural looking as possible so it blends in with the rest of the area.

The Commission ultimately voted unanimously in favor of the mailbox to be put up there for the notes.

Read Across America

March is marked in many local schools as Read Across America month, and celebrates children's author Dr. Theodor Geisel, better known to the world as Dr. Seuss.

Dr. Seuss's birthday was March 2, where month long celebrations are taking place all over.

Staying true to the famed children's author, school activities focus on reading.

While the National Education Association created Read Across America, no matter what people think of unions, we hope everyone can agree on the importance of reading and of reading to children early and often. Whether it's dressing up as the Cat in the Hat, creating green eggs and ham, serving as a "celebrity reader" in a local elementary school, or just cuddling up to your child to read them a bedtime story. Read Across America reminds us of the importance of what could easily become a lost art in the rush of life today.

There's not a more important factor in future success than the ability and the desire to read. Most of us take our ability to read for granted, even though we use the skill everyday. Research shows that kids who spend time reading recreationally perform better in school whether it's by reading traffic signs, employment

applications, college textbooks, or exam questions. Reading follows us through our lives.

Read Across America isn't just for kids. There is great enjoyment to be had from sitting by a warm fire or relaxing by a pool and letting a good book transport you to another world. If your child asks you to spend a little extra time reading at home this week, go for it. In the midst of busy and out of control schedules, it will be time well spent. While you're at it, schedule a trip to the children's room at your local library. Seeing an entire building filled with books can open up yet another memorable reading experience for your child.

There is also great enjoyment to be had from learning something new from and informative nonfiction on your favorite figure or subject. Whatever the genre, there's nothing quite like getting lost in a good book, this habit starts young.

Read Across America underscores the importance of the simple act of picking up a book and getting lost in its story. You can read on your phone, you can read on a computer, a paper, and best of all, you can read a book. When you read to a child, you're building memories for both of you. As Dr. Seuss wrote, "You're never too old, too wacky, too wild, to pickup a book and read to a child."

Letters

Way to go, Hampstead!

To the editor,

Once again, Hampstead voters have shown that they vote with their brains, not their hearts, and wisely supported the Firehouse Renovations and rejected the ill-conceived Central School Addition.

The Fire Department will finally have the necessary space and facilities to accommodate the newer, increasing demands of the Emergency Operations Center, a far cry from the original, "just firefighting" duties of years past.

I can personally attest to their professionalism: the unbelievably quick response of Chief Carrier and his crew 18 months ago when my wife suffered a fatal heart attack, as well as the care and human compassion they exhibited toward me and my daughters while at my home and afterwards, were truly exceptional and commendable.

Hampstead should truly be proud and honor our Fire and Emergency personnel.

On the other hand, the problems of Central School remain unresolved as Article #2 was soundly

defeated, getting just 51.4% of the votes, compared to 55.6% last year.

Taxpayers were certainly not buying the bromide the School Board was handing out in spite of the huge campaign mounted by Hampstead Hearts.

But an alarming irregularity happened in January that went unnoticed by many.

When the final cost of Article #2 was disclosed for the FIRST TIME—just before the January Public Hearing deadline—it had a huge surprise: the total cost had ballooned from \$9,070,000 last year to \$12,595,000 this year.

That is a difference of \$3,525,000, without any known changes/additions in scope!!

David Smith attributes the higher cost to "inflation, labor, materials." He further claims that the cost was actually over \$13 million but "we removed items like a 2nd elevator."

Yeah? What else did they change? Why the secrecy?

Whatever the reason, that proposal is dead. We must now regroup and readdress the Central School issue.

Fortunately, we have a

new, level-headed, pragmatic superintendent worthy of the name and are free of the shackles and infighting of the erstwhile Timberlane-Hampstead conundrum: we are now masters of our destiny.

Hopefully the School Board will take a dispassionate, practical approach toward solving the Central School space issues, just as we did in the 1994, when we finished the Middle School by approving the last successful bond issue.

Best part is we are not starting from scratch. We own two variants of Breadloaf Architects 2014 plans which detail the additional classrooms, Music Room, elevators, maintenance space and bathrooms to complete the Central School building by closing the courtyard and thus minimizing the heat loss caused by the strong winds that blow from the South.

But first, dismiss Trident, the management firm: that's added, unnecessary overhead; the rest I'll discuss in subsequent letters.

Well done, Hampstead!

Special Exception for Parking Dump Truck Denied by Derry ZBA

HENRY GREENBAUM
NUTFIELD NEWS

DERRY - During the Thursday, March 3, meeting, the Derry Zoning Board of Adjustments (ZBA), the board discussed an application for a special exception by Jennifer Gagnon and Jonathan Hernandez requesting to be allowed to have a dump truck parked at their property located on 45 Damren Road.

The request came after several neighbors filed a complaint against the couple for parking the vehicle in their driveway.

"The [special exception's] sole purpose is just to get Jonathan to and from work. We were notified that there were other similar dump trucks in Derry that have already been

approved for this special exception," said Jennifer Gagnon. "In addition, at the top of our street is a campground so it becomes high traffic with RVs and campers coming through that are of the same size if not larger than ours... Nothing business related is happening on site. There are no contractors reporting to us and there is no loading going on."

Ms. Gagnon made it clear that the special exception is only so Mr. Hernandez can drive to work and back. No other business would be conducted on the property.

After answering some follow-up questions from the ZBA, Ms. Gagnon addressed the complaints that were placed against her and Mr. Hernandez. She said, "We purchased our

home in 2020. The truck had been parked on our property since that point and nothing came to be an issue until a year later with the neighbor that made the complaint. It just seems very odd to me that it was fine for a year. Nothing was made known until then... I am concerned that it is going to become one neighbor has a concern and voices out to friends and it becomes retaliation against us versus what a concern really is."

Chairman Lynn Perkins asked Code Enforcement Director Robert Mackey to weigh in on the situation as the complaints were filed to his office.

"This did start about a year ago. We started getting some complaints regarding the parking of the vehicle," said Mr. Mackey.

"I know they say nothing goes on at the property, but the business is registered to that [home] address, through the Secretary of State so we have to look at that as a business. The truck itself, again, I understand that they are saying that it is their transportation, but we have always looked at it as something you would typically associate with the normal accessory use of a single family. With those two things taken into consideration, we told them that they needed permission from the Zoning Board if they wanted to continue this."

Chairman Perkins opened the floor to the public and Erica Weir of 46 Damren Rd., came forward in support of the special exception. "I live across the street from [Ms. Gagnon

and Mr. Hernandez] and we live on a really busy road," said Ms. Weir. "We live by the golf course like [Ms. Gagnon] said and ATVs come through all the time so [the dump truck] has not caused any issues for us."

Terrence Doyle of 48 Damren Road then came forward in opposition to the special exception. "I don't believe that it meets the criteria for special exception," said Mr. Doyle. "This is due to paragraph C [in the Zoning Ordinance]. The vibration, the noise and noxious fumes...It is not parked on the pavement. We are surrounded by the Cole Marsh which is directly behind [their] property."

Several neighbors continued to come forward expressing their concerns

over the general safety of the neighborhood with the dump truck parked on Ms. Gagnon's and Mr. Hernandez's property. One neighbor made the point that kids are likely to get injured by the dump truck since they leave for their bus stop in the dark at the same time Mr. Hernandez would be leaving for work.

A couple reported to the ZBA that the dump truck was invasive to their own property as it sat very close to their porch. Most of the neighbors who came forward in opposition also expressed their concerns over the noxious fumes that Mr. Doyle had previously mentioned.

After deliberating the case, the ZBA voted 3-2 to not approve the application with Chairman Perkins being the tie breaker.

Sandown Conservation Commission Discuss Grafitti at Great Rock

ALEX MALM
NUTFIELD NEWS

SANDOWN - During the March 10 Sandown Conservation Commission meeting the board heard from Matt Russell regarding grafitti at Great Rock.

He explained that he dog sat for a friend last week with his wife and took the dog for a walk in the Town forest. He said

that he hadn't been there in a long time, and that he was on the Conservation Commission for 14 years and was involved in the purchase of the property.

When Russell was walking through the woods he saw the condition that Great Rock is in.

"Much to my distress I saw the grafitti that was there," said Russell.

Russell said that he

wanted to find out the status was for getting it fixed.

"I'm interested in finding out what the plan is if there is a plan," said Russell.

Conservation Chairman Brian Butler said that the Commission was also upset about it.

"We're distressed about it ourselves," said Butler.

Conservation member Pam Gaudreau said she remembered they first had

discussions about it five years ago. She said that members from the Commission went there to clean it up and there were a lot of issues there.

Russell said that it is a crime to grafitti the rock and other public property.

"This is the law being broken," said Russell.

One question that was asked by Selectmen liaison Darren Hudgins was if it

would be possible to set up a trail cam there.

Butler said it was possible to do that but said he has a "sour feeling," about it but would be willing to try again.

He said that previously they were stolen. He said that the price has come down and they can look at making sure they are more secure if they put them up again.

Russell said that he thinks it's important to get the message out that it is not legal to do.

Russell said he was challenging the Commis-

sion to do something.

"I think just sitting and not doing anything is defeatist," said Russell.

Russell said he is willing to put the time and effort into helping out as well.

Butler said he would keep him in mind if they have any opening on the Commission. Butler also said that he thinks it's a multi prong approach in order to fix the problem.

The next Sandown Conservation Commission meeting is slated for March 24 at 7 p.m.

The Derry Superintendent Search Committee Seeks Community Input

ALEX MALM
NUTFIELD NEWS

DERRY - The Derry School District is in search of a new Superintendent and the search committee is looking for the community's help.

Earlier this year the Derry School Board approved the hiring of the NH School Boards Association to facilitate the superintendent search. The District is working with P. Alan Pardy of The Bryan Group.

The hiring came after the current Derry Superintendent MaryAnn Connors-Krikorian announced that she would be retiring at the end of the school year.

Now a survey is available online in order to get feedback from members of the community.

"The Superintendent Search Committee, comprised of a cross-section of stakeholders, needs your input to help guide the search for a new superintendent. Please take this short survey to ensure your voice is heard," the post read." Hard copies of this survey will be at the Superintendent's office at 18 Main St., which is open Monday through Friday 8 a.m. - 4 p.m. The deadline for completing the survey is March 18."

The 12 members of the search committee include

teachers Meg Morse-Barry, and Kelly Carey, teaching assistants Cheryl Morin, and Kate Gleason, School Board Erika Cohen, Brenda Willis, and Jessica Ring, school based administrators Chris McCalum, and Kim Carpentino.

The search committee also includes two parents Amity Ziegler, and Michele Battaglia, along with Jerold White, Assistant Director of Student Services for the District.

Some of the questions ask what constituent group people belong to what they consider the most significant strengths of the Derry Cooperative School District, what they consider as the most significant

challenges facing the Derry Cooperative School District, and what are the most important personal qualities for the next superintendent just to name a few.

The survey link is surveymonkey.com/r/35RYGFF

In addition to the survey, the search committee is continuing to have meetings which are open to the public. It was noted that like all other committee meetings, the public isn't allowed to comment.

The next superintendent search committee meeting is to take place on March 21 at 5:30 p.m. in the West Running Brook Middle School Cafeteria.

Sarah Muncey Named as Next Chester Academy Principal

ALEX MALM
NUTFIELD NEWS

CHESTER - The Chester School Board approved the hiring of Sarah Muncey to be the next principal of Chester Academy during their March 9 School Board meeting.

Muncey is expected to begin on July 1. Current principal Karen Lacroix announced in December that she would be resigning at the end of the school year.

"The appointment follows a rigorous search process conducted by a committee of students, paraeducators, teachers, parents, administrators, and board members," an email from Chester Superintendent Sharon Locke read.

Locke said that they had 12 qualified applications that were screened and six were ultimately interviewed for the position.

It was explained that Muncey was the top choice of the committee and then was further interviewed by the superintendent and school board.

"Her references com-

mented how fortunate we were to have her join us as our new leader; describing her as a dedicated student-centered leader who works tirelessly with her team to accomplish their goals," said Locke.

Muncey, who resides in Chester, comes to Chester Academy from Hudson, where she most recently served as the district's Director of Student Wellness and as the district's Emergency Management Committee Facilitator.

"She is a strong advo-

Sarah Muncey

cate for family engagement and is known as a great partner in the Hudson community," said Locke.

Muncey served as the assistant principal and interim principal at Hills Garrison School for five years where she was "widely respected for implementing a Professional Learning Community structure to ensure the success of all students," according to Locke.

She also has 14 years of classroom experience as a fifth grade teacher and special educator in Derry.

Muncey is a graduate of Notre Dame College, in Manchester, with Bachelor of Arts in

Elementary Education and a minor concentration in Special Education as well as a Master of

Education in Educational Administration from Rivier University.

"The Chester School Board, Superintendent Locke, and the Search Committee are excited to welcome her to our Chester Academy Family and look forward to arranging a visit this Spring and work with Ms. Muncey and Ms. Lacroix to plan a smooth transition," an email from Locke read.

Pinkerton Academy Cheerleaders Win 31st State Title

The Pinkerton Academy Varsity Cheerleaders edged out Dover High School for their 31st championship last week.

CHRIS PAUL
NUTFIELD NEWS

The Pinkerton Academy Winter Cheerleading team continued their dominance in Division I Spirit by taking first place in the NHIAA State Championship on Thursday night, March 10 at the Hackler Gymnasium.

The State Championship featured the five teams that scored the highest in the preliminary round over the prior weekend for each division. In DI, the Astros squad edged out the team from Dover High School in the preliminary with 99.6 points to Dover's 99.2.

In the finals, the Astros

squad had to really turn up their performance and managed to elevate their score to 105.2, which barely edged out the second place team of Dover, who scored 105. Salem High School was the third place finisher in the competition with a score of 102.3. Concord High School finished in

fourth with 93.9 and Alvirne High School took fifth with 91.6 points.

This is the 17th time the Pinkerton Academy squad has won the Winter Championship since 2004. They have also had two sec-

ond-place finishes in that span.

Overall, Pinkerton has won 31 state titles in the spring and winter competitions.

Division II and Division III also competed that

evening, with Windham High School taking first in DII and Littleton taking first in DIII.

The Pinkerton team will move on to compete at the New England Championship over the weekend.

Astros Tracksters Compete at Two National Indoor Championships

Despite COVID taking away their regular indoor track season this year, six Pinkerton Academy track athletes worked hard and qualified to compete in prestigious National level track meets hosted by New

Balance and Nike.

Over the weekend, March 11-13, these athletes traveled to New York City to compete against the fastest high school track athletes from all over the country.

On Friday, Luke Brennan competed at the New Balance Nationals Indoor Meet, held at the world-famous Armory Track Center in the Washington Heights Neighborhood of Manhattan. Despite having an ongoing hip injury, Luke battled hard against a field of 20 runners from all over the country in the first heat of the Boys Championship Two Mile race. Luke showed his trademark courage and race smarts, until the injury ended up taking him out of the race at the One Mile mark.

On Saturday, Madi Connors competed at the New Balance Nationals Indoor Meet in the Rising Stars Girls 200 Meter event. With 75 runners from across the nation competing in multiple preliminary heats, Madi put in a strong performance in her heat setting a new Personal Record for the

Astros Indoor Track members, from left, Alex LeBlanc, Zackary Smith, Madi Connors, Matthew Devine and Jacob Spezzaferri. *Courtesy photo*

Athlete of the Week

Week of March 7

Sara DiClemente
Freshman, Winter Spirit

Sara helped the team win its 31st state title on Thursday by putting her big routine together perfectly for the Astros. She helped to carry the tumbling score throwing two elite passes. She wears many hats throughout the three minutes, starting the routine as a backspot, then moving to a sidebase position in our elite stunt and finally acting as a main base in the pyramid. Sara's determination was on of the driving factors behind this state championship.

event but did not advance to the finals.

On Sunday, the venue and event changed to the Nike Indoor Nationals Meet, held at the state-of-the-art Ocean Breeze Athletic Complex on Staten Island.

At the Nike event, Matt Devine, Jacob Spezzaferri, Alex LeBlanc and Zack Smith from Pinkerton competed in the Boys 1,600 Sprint Medley Relay. The boys ran a very strong race against a large field of talented teams from all over the country and finished in 12th place overall.

Madi Connors also ran the 200 Meter race in the Nike Indoor Nationals and

set a new PR, breaking the one set just the day before, but once again in a large field of talent from across the nation, did not make the finals.

In addition to competing hard, the kids enjoyed their trip to the Big Apple and found some time for a quick subway trip into Times Square on Saturday night!

Pinkerton Academy Track Coach, Carol Quarles was very pleased with her team, "So proud of these kids! It takes a special kind of self-motivation and a dedicated work ethic to extend your season beyond what's expected of you! These kids got after it and did New Hampshire

proud competing against the best in the country!"

Quarles added, "Congratulations to these athletes! On to Spring Outdoor Track Season!"

Of note: Because of NHIAA rules and since their regular High School indoor season was cancelled, these athletes were not able to compete as Pinkerton Athletes and wear their Astros uniforms, so they ran as unaffiliated and wore uniforms bearing "Golden Spikes Track" in the Nike event.

The Golden Spikes is the summer track program that helps PA athletes prepare for their track seasons.

Lady Astros Hockey Squad Has Season End in Semifinals

The Pinkerton Academy Girls' Hockey squad saw their season come to an end in the semifinals of the Division I State Championship last week with a 6-3 loss in the Semifinals.

The Lady Astros were seeded in the number nine spot heading into the playoffs by virtue of their 8-8 regular season record, putting them on the road for all

of their tournament games.

They were able to defeat the number one seed, Oyster River-Portsmouth, 4-3 in the quarterfinals, but fell to the number five-seeded St. Thomas-Winnacunnet-Dover with that 6-3 defeat.

The Pinkerton girls kept the game close throughout the first two period and to begin the final period, but 4-3 in the third was as close as it got for the Astros squad.

In the first period, junior forward Maddie Gibeault scored the first goal of the game but St. Thomas responded with two of their own, to go into the break at 2-1.

In the second period there were just one goal scored for each team. Gibeault scored her second of the game and St. Thomas scored their third.

In the third period, St.

Thomas scored first to make it 4-2, but Pinkerton sophomore forward Riley Dunn made it a 4-3 game with her final goal of the season.

St. Thomas went on to score two more goals in that final period for the 6-3 finish.

The number three-seeded Hanover High School was the eventual division champion with a 5-0 blanking of St. Thomas.

Junior Maddie Gibeault had two goals in semis.

Derry Man Indicted On Child Sexual Abuse Image Charges

Jason Ellis, 45, of Derry was indicted by a federal grand jury on Monday and charged with one count of attempted transfer of obscene material to a minor, one count of distribution of child pornography, and one count of possession of child pornography, United States Attorney John J. Farley announced today.

Ellis was arrested on a criminal complaint on

February 16, 2022, and is being detained pending trial. The original complaint filed in court alleges that on February 12, 2021, Ellis engaged in sexually graphic online chats with an undercover law enforcement officer posing as a 13-year-old girl. During those chats, Ellis sent an image of an erect penis to the officer. In another online chat in January of 2022, Ellis sent to the

undercover officer an image of a nude, prepubescent female child engaged in sexually explicit conduct.

The charges in the indictment are only allegations. The defendant is presumed to be innocent unless and until proven guilty beyond a reasonable doubt in a court of law.

The case was investigated by the Federal Bureau of Investigation

with assistance from the Derry Police Department.

In February 2006, the Department of Justice introduced Project Safe Childhood, a nationwide initiative designed to pro-

tect children from online exploitation and abuse. Led by the United States Attorney's Offices, Project Safe Childhood marshals federal, state and local resources to better locate, apprehend, and prosecute

individuals who exploit children via the Internet, as well as identify and rescue victims. For more information about Project Safe Childhood, please visit www.projectsafechildhood.gov.

Pinkerton Academy Cheerleaders Win 31st State Title

The Pinkerton Academy Varsity Cheerleaders edged out Dover High School for their 31st championship last week.

CHRIS PAUL
NUTFIELD NEWS

The Pinkerton Academy Winter Cheerleading team continued their dominance in Division I Spirit by taking first place in the NHIAA State Championship on Thursday night, March 10 at the Hackler Gymnasium.

The State Championship featured the five teams that scored the highest in the preliminary round over the prior weekend for each division. In DI, the Astros squad edged out the team from Dover High School in the preliminary with 99.6 points to Dover's 99.2.

In the finals, the Astros

squad had to really turn up their performance and managed to elevate their score to 105.2, which barely edged out the second place team of Dover, who scored 105. Salem High School was the third place finisher in the competition with a score of 102.3. Concord High School finished in

fourth with 93.9 and Alvirne High School took fifth with 91.6 points.

This is the 17th time the Pinkerton Academy squad has won the Winter Championship since 2004. They have also had two sec-

ond-place finishes in that span.

Overall, Pinkerton has won 31 state titles in the spring and winter competitions.

Division II and Division III also competed that

evening, with Windham High School taking first in DII and Littleton taking first in DIII.

The Pinkerton team will move on to compete at the New England Championship over the weekend.

Astros Tracksters Compete at Two National Indoor Championships

Despite COVID taking away their regular indoor track season this year, six Pinkerton Academy track athletes worked hard and qualified to compete in prestigious National level track meets hosted by New

Balance and Nike.

Over the weekend, March 11-13, these athletes traveled to New York City to compete against the fastest high school track athletes from all over the country.

On Friday, Luke Brennan competed at the New Balance Nationals Indoor Meet, held at the world-famous Armory Track Center in the Washington Heights Neighborhood of Manhattan. Despite having an ongoing hip injury, Luke battled hard against a field of 20 runners from all over the country in the first heat of the Boys Championship Two Mile race. Luke showed his trademark courage and race smarts, until the injury ended up taking him out of the race at the One Mile mark.

On Saturday, Madi Connors competed at the New Balance Nationals Indoor Meet in the Rising Stars Girls 200 Meter event. With 75 runners from across the nation competing in multiple preliminary heats, Madi put in a strong performance in her heat setting a new Personal Record for the

Astros Indoor Track members, from left, Alex LeBlanc, Zackary Smith, Madi Connors, Matthew Devine and Jacob Spezzaferri. *Courtesy photo*

Athlete of the Week

Week of March 7

Sara DiClemente
Freshman, Winter Spirit

Sara helped the team win its 31st state title on Thursday by putting her big routine together perfectly for the Astros. She helped to carry the tumbling score throwing two elite passes. She wears many hats throughout the three minutes, starting the routine as a backspot, then moving to a sidebase position in our elite stunt and finally acting as a main base in the pyramid. Sara's determination was on of the driving factors behind this state championship.

event but did not advance to the finals.

On Sunday, the venue and event changed to the Nike Indoor Nationals Meet, held at the state-of-the-art Ocean Breeze Athletic Complex on Staten Island.

At the Nike event, Matt Devine, Jacob Spezzaferri, Alex LeBlanc and Zack Smith from Pinkerton competed in the Boys 1,600 Sprint Medley Relay. The boys ran a very strong race against a large field of talented teams from all over the country and finished in 12th place overall.

Madi Connors also ran the 200 Meter race in the Nike Indoor Nationals and

set a new PR, breaking the one set just the day before, but once again in a large field of talent from across the nation, did not make the finals.

In addition to competing hard, the kids enjoyed their trip to the Big Apple and found some time for a quick subway trip into Times Square on Saturday night!

Pinkerton Academy Track Coach, Carol Quarles was very pleased with her team, "So proud of these kids! It takes a special kind of self-motivation and a dedicated work ethic to extend your season beyond what's expected of you! These kids got after it and did New Hampshire

proud competing against the best in the country!"

Quarles added, "Congratulations to these athletes! On to Spring Outdoor Track Season!"

Of note: Because of NHIAA rules and since their regular High School indoor season was cancelled, these athletes were not able to compete as Pinkerton Athletes and wear their Astros uniforms, so they ran as unaffiliated and wore uniforms bearing "Golden Spikes Track" in the Nike event.

The Golden Spikes is the summer track program that helps PA athletes prepare for their track seasons.

Lady Astros Hockey Squad Has Season End in Semifinals

The Pinkerton Academy Girls' Hockey squad saw their season come to an end in the semifinals of the Division I State Championship last week with a 6-3 loss in the Semifinals.

The Lady Astros were seeded in the number nine spot heading into the playoffs by virtue of their 8-8 regular season record, putting them on the road for all

of their tournament games.

They were able to defeat the number one seed, Oyster River-Portsmouth, 4-3 in the quarterfinals, but fell to the number five-seeded St. Thomas-Winnacunnet-Dover with that 6-3 defeat.

The Pinkerton girls kept the game close throughout the first two period and to begin the final period, but 4-3 in the third was as close as it got for the Astros squad.

In the first period, junior forward Maddie Gibeault scored the first goal of the game but St. Thomas responded with two of their own, to go into the break at 2-1.

In the second period there were just one goal scored for each team. Gibeault scored her second of the game and St. Thomas scored their third.

In the third period, St.

Thomas scored first to make it 4-2, but Pinkerton sophomore forward Riley Dunn made it a 4-3 game with her final goal of the season.

St. Thomas went on to score two more goals in that final period for the 6-3 finish.

The number three-seeded Hanover High School was the eventual division champion with a 5-0 blanking of St. Thomas.

Junior Maddie Gibeault had two goals in semis.

Derry Man Indicted On Child Sexual Abuse Image Charges

Jason Ellis, 45, of Derry was indicted by a federal grand jury on Monday and charged with one count of attempted transfer of obscene material to a minor, one count of distribution of child pornography, and one count of possession of child pornography, United States Attorney John J. Farley announced today.

Ellis was arrested on a criminal complaint on

February 16, 2022, and is being detained pending trial. The original complaint filed in court alleges that on February 12, 2021, Ellis engaged in sexually graphic online chats with an undercover law enforcement officer posing as a 13-year-old girl. During those chats, Ellis sent an image of an erect penis to the officer. In another online chat in January of 2022, Ellis sent to the

undercover officer an image of a nude, prepubescent female child engaged in sexually explicit conduct.

The charges in the indictment are only allegations. The defendant is presumed to be innocent unless and until proven guilty beyond a reasonable doubt in a court of law.

The case was investigated by the Federal Bureau of Investigation

with assistance from the Derry Police Department.

In February 2006, the Department of Justice introduced Project Safe Childhood, a nationwide initiative designed to pro-

tect children from online exploitation and abuse. Led by the United States Attorney's Offices, Project Safe Childhood marshals federal, state and local resources to better locate, apprehend, and prosecute

individuals who exploit children via the Internet, as well as identify and rescue victims. For more information about Project Safe Childhood, please visit www.projectsafechildhood.gov.
