Rosati said that they are hoping to have the Old Home Day events during the second weekend in August so it is lined up with the Fireman's Association dinner.

Tell Your Mom You Love Her

"All I am I owe to my mother. I attribute my success in life to the moral, intellectual and physical education I received from her.'

George Washington What a mother Mary Bell Washington must have been, to have, had such a profound influence on her son.

As we celebrate Mother's Day this weekend, we honor the women who shaped us, nurtured us, taught us and showed us what life and love are about. True, fathers do all of those things, too, but in different ways. It's not about whose role is bigger or better, and it's not even about conforming to the specific gender roles. It is simply about acknowledging that both parents influence our lives through the choices they make with us and each one's influence is distinct from the other.

Has their role really changed so much?

Their job is still tireless and often thankless. When it is done right, the job is still about unconditional love, even when that means tough love.

It remains a lifelong commitment. Even after a child is grown, their mom is still their mom, and moms will always worry. They are the ones that cut the umbilical cord at birth, but there are other bonds that stay intact.

When the world is harsh or when life pokes us in the eye and laughs at us, it is often our first instinct to seek

comfort in a mother's love.

We hope family surrounds you, and if they can't make it home, we hope they at least call. Flowers would be nice. In my house I ask for a plant to put in our family garden. As you can imagine by now it is quite large. I remember getting each plant and which child gave it to me. After all, for us moms, it is about the memory. If they take you out to eat, let them pay, even if that goes against your maternal instinct.

We hope at least one person doesn't stop at "Happy Mother's Day," but elaborates at least a little bit on the depths of their gratitude and the reasons for it. Maybe they could share an anecdote or two, whether the goal is to make you laugh, or cry, or both. We hope you feel pride today. When you look at the child or children, whom you have raised and influenced, you see the person you hoped they would become. It is fine to feel proud, not only of them, but of yourself as well. You, their mother, have played an important role getting them to where they are today.

And don't forget hugs. Always hugs. "Because I feel that, in the Heavens above / The angels, whispering to one another, / Can find, among their burning terms of love / None so devo-

tional as that of 'Mother" - Edgar Allen Poe

Gerrymandering

To the editor,

Gerrymandering is alive and well in NH. The Senate Redistricting Map which now goes to Gov. Sununu for approval creates a 2-to-1 advantage of one political party over another; this in a state considered to have approximately equal numbers of Democratic and Republican voters!

If our governor decides to approve this map, one political party will have control over which laws will be passed in the legislature, as well as the power to override all the governor's vetoes, for democracy, and it is certainly not balanced, competitive redistricting.

The following people from the following Senate districts are calling on Gov. Sununu to veto the Senate redistricting map (SB 240), passed against the will of the overwhelming majority of NH citizens who have been calling for fair, nonpartisan redistricting maps:

Dist. 1 Marilyn Monsein, Dist. 2 Ellis Robinson, Dist. 3 Ellen Farnum, Dist. 4 David Holt, Dist. 5 Ann Garland, Dist. 6 Ruth Larson, Dist. 7 Judith Ackerson, Dist. 8 Bev Cotton, Dist. 9 Cate Coon, Dist. 10 the next ten years. This is not Leah Arnold, Dist. 11 Ray

& Pat Waterman, Dist. 12 Jeffrey Dickler, Dist. 14 Luisa Pietta, Dist. 15 Joe Magruder, Dist. 16 Judy Krassowski, Dist. 17 Bob Perry, Dist. 18 Christine Seibert, Dist. 21 Susan Richman, Dist. 22 Helen K Galloway, Dist. 23 Barbara Hughes, Dist. 24 Steven Bourne

Please join us and urge Gov. Sununu to maintain his commitment to veto redistricting maps that are not competitive. Contact him ASAP to request that he veto the Senate redistricting map (SB240) (603) 271-2121 or governorsununu@nh.gov

Spring Hill's Fall Fest, Sept. 10

Paul Conyers **NUTFIELD NEWS**

CHESTER - The Spring Hill Advisory Committee opened its April 18 meeting by welcoming at-large member Joe Biedrzycki. The Committee also discussed a lease for the High Tunnel property at Spring Farm to local cattlemen. High Tunnel will be leased for \$500, allowing ten cattle to graze in three fields.

Fall Fest was given a solid date of Sept. 10 with the cancelation of the Town Fair. Mark Desiderio from the Recreation Commission proposed bringing "some sort of value to the Fall Fest" by funding special events. Suggested events included pony rides, cookie contests, hayrides, and old-fashioned photos. The addition of a farm stand was another possibility. Many Committee members felt it would be an appropriate addition

date has been decided.

The Committee was concerned over parking for the evet. Spring Hill cannot handle a large crowd, and temporarily opening parking around Watson Road was considered a possible solution. Stephen Landau suggested hayrides to transfer to transport people safely across Rt., 102 instead of walking. Recreation has promised full support to make events of the Fall Fest possible.

Developing a new path on the other side of the farm was also discussed. A possible project is putting a bench on the farm overlook after building the trail. All members agreed that the subject of trail marking would remain the purview of the Committee without opening the matter to outside opinions to remain on topic. They also agreed to decide on a final plan for trail marking by June 15.

Beth Sautter was "in to the location of the Fall touch with a guy that would Fest on a farm. Desiderio be helping with a wooden noted that events are still in design" for the proposed the planning stage, only the ADA ramp. She expressed

reservations about the \$500 cost of the 3D design and required an invoice and a proposal for the ramp. Legally, the design of the ramp must have a professional engineer stamp for safety reasons.

The Committee chose May 21 as the next workday after some debate. Sautter went over past criticism and expressed concern that last year "we didn't have enough jobs, because the jobs were too broad...we need to micromanage" so volunteers have a clearly defined project to complete. As workdays are expected to occur monthly, Sautter proposed installing a porta-potty for the summer. Installation will cost \$180-200 per month with a plan to keep it until the end of the Fall Fest.

New business included the placement of a pedestrian counter. Southern NH Planning offered to put in a free counter to see how many people use Spring Hill Farm. The counter will be in place for two weekends sometime in mid-to-late July.

Chester Board of Selectmen Approves Impact Fees For Culverts

ALEX MALM **NUTFIELD NEWS**

CHESTER - During the April 28 Chester Board of Selectmen meeting one of the agenda items was in regards to releasing impact fees in order to replace culverts on Jennifer Drive.

It was explained by Road Agent Michael Oleson that they would be replacing three culverts on Jennifer Drive in preparation for paving this summer.

The funds would be paid for through impact fees that needed to be released by the Board of

Oleson said that they also wanted to have other culverts replaced by using capital improvement plan funds now that are allocated for the 2023 budget.

'There was one that I didn't even know that was there," said Oleson who said that it was 10-12 feet

"It's a big deal," said Oleson.

Selectmen Stephen D'Angelo asked how much it would be.

"It could be grand," said Oleson.

D'Angelo said that he

not supposed to be released until July.

Oleson said he would lose his contractor if they don't start now. He said that they wouldn't receive a bill until July.

"If I wait until July we're not going to be able to get the contractor," said Oleson. "Two of these are very deep and we don't know what's in the ground,"

Oleson told the Board they could wait if needed. He said that if they approved doing the project it would take a couple of weeks to be finished but until they got the CIP funds.

D'Angelo said that they would have to talk to DOR about spending money for next year's budget this year.

"We will just have to put it off until then," said Oleson.

The \$25,000 from impact fees was released by the Board of Selectmen during the meeting.
