

Sandown Board of Selectmen Discuss 2022 Warrant Articles

ALEX MALM
NUTFIELD NEWS

SANDOWN - The Sandown Board of Selectmen held its regularly scheduled meeting on Nov. 29. and during the meeting the board got an initial look and had initial conversations about the town warrant articles for next year's Town Meeting.

"This is just an initial discussion," said Paula Gulla, the Selectmen's Office Assistant.

She explained that she wanted to get them thinking about some of the possible warrant articles

and some of the figures they may put in.

One of the annual warrants is for the budget but Gulla said that they are nowhere close to knowing what the figures will be for it.

For the road improvement capital reserve, Gulla said that the road improvement plan for 2022 states that they would segment 2 of Odell Road. She said that the figure for it in the plan is \$570,000.

"That was the initial figure in the plan," she said.

She also noted that they usually put about

\$100,000 in the paving line item for the budget and the balance of what they need goes into the warrant article.

It was explained by Gulla that they are waiting for the final figure from their Town Engineer Steve Keach.

It was also pointed out by Selectmen Chairman Eric Olsen that they may also be doing other road paving this year.

For the bridge capital reserve fund Gulla said that last year they put \$150,000 into it and now have a total of \$509,000 in the fund.

Hampstead Zoning Board Gives Approval on an Addition & Salon

HENRY GREENBAUM
NUTFIELD NEWS

HAMPSTEAD - During the Wednesday night Zoning Board of Adjustments (ZBA) meeting held at the Hampstead Town Office Building on Dec. 1, public hearings were held over the approval of requested variances in the Hampstead Zoning Ordinance.

The first hearing was to consider the request of Bruce and Christine Hamilton who seek the approval for construction of an addition to their home. The addition, however, would be too close to the right and rear lot lines located at 68 Shore Drive.

"[The Hamiltons] are looking to renovate and

modify their home," said Kurt Meisner of Meisner Brem Corporation.

"There is an existing wooden deck on the back of the house now, which is towards Wash Pond, and they are looking to put a second story deck up above that as well as a three-season room off to the right-hand side of their house."

Board Member Alternate Karen Hanides asked for clarification on the angled portion of the addition that exists opposite to the actual deck. Bruce Hamilton came forward to explain in his own words how the addition is planned on being setup.

"The right-hand side deck already exists. It comes out about eight

feet, but it will be going out a little bit further. I believe it will come out a few more feet," said Hamilton.

"That angled portion is a corner walkway simply so you can get access to the second-floor rear deck."

The ZBA is also worried about how disruptive to the neighbors this new addition could be but there is no simpler way of going about the construction. "I am not sure if you have an answer for that. Looking at the lay of the lot, I do not necessarily see any way that will make it less infringing," said Chairman Geoff Dowd.

Meisner said, "We could not really move closer to [Wash Pond]. It

Chester Academy Principal to Retire at End of School Year

ALEX MALM
NUTFIELD NEWS

CHESTER - During the Dec. 1 Chester School Board meeting Superintendent Sharon Locke explained that she called a Chester Academy Reopening Committee meeting on Nov. 17 to consider updates for three areas of the current

reopening plan that have been under review.

One of the areas was to add a Matrix to the plan that would define the thresholds and triggers for relaxing the School District's current mitigation strategies including universal mask usage requirement and for social distancing.

It was explained that the Committee recommendation was to track two indicators, one being the Town of Chester COVID cases over the last 14 days and the number of COVID Cases at Chester Academy over the last five school days.

The Superintendent would have the authority to make the determination

Chester School Board Denies Special Meeting Request

ALEX MALM
NUTFIELD NEWS

CHESTER - During the last Chester School Board meeting the School Board discussed what to do in regards to a petition they received to have a Special School District Meeting.

It was explained by Chester School Board Chairman Royal Richardson that the petition would be to allow voters to vote on an article related to the wearing of Face

Masks at Chester Academy.

The question was whether or not the voters would instruct the School Board to make mask usage optional, at the discretion of the individual or parent of the student.

Richardson said that on Nov. 4 a day after they originally received the petition that Liz Lufkin the Chester Town Clerk/Tax Collector notified the Chair that she verified the signatures

and out of the 68 signatures listed, 14 signatures were not counted due to not being a registered voter, signing the petition twice, or signing twice and not being a registered voter.

Despite that there were still 54 valid signatures and only 50 were required in order for it to be valid.

It was explained that the cost of hosting a School District Meeting would be around \$2,500.

Diane Gorrow, the

attorney for the Chester School District explained that the School Board could but isn't required to call a Special District Meeting because it is the School Board, not the legislative body that has the statutory authority under the RSA to mandate masks.

She also explained that if they were to grant the meeting and the Article was voted on and approved at a Special Meeting, the vote would be considered advisory

and would be non-binding.

Because of those reasons she said that she recommended not calling a Special Meeting for a vote that would only be advisory.

It was explained by Gorrow that it was her recommendation that instead of holding a special meeting they could suggest to those who filed the petition that they could draw up a Petitioned Warrant Article and get the necessary signatories to include

it as a Petitioned Warrant Article at the March School District Meeting. She said that they would only need 25 valid signatures in order for it to be validated.

She said that even though it would still only be advisory in nature the Article would need to be included on the District Warrant for consideration by the Legislative Body.

The School Board ultimately voted in favor of not having a Special Meeting.

Derry Zoning Board Approves Variance For New Garage

ALEX MALM
NUTFIELD NEWS

DERRY - During the Dec. 2 Derry Zoning Board of Adjustment meeting the Board heard a case regarding the construction of a two-car garage.

It was explained that the owners of the property at 13 Gordon Road Jean and Samantha Marte were seeking a variance to allow the garage even though it is less than 35 feet from the front property line which is required.

It was explained by Jean Marte that they believe the garage will be increasing curbside appeal. He said that it

won't be excessive in size and there won't be any tree removal from the property.

"New landscaping will be done to enhance the property," Marte said.

He also explained that the structure will increase the value of the property and increase the value of the neighborhood as a whole and having the garage there can be aesthetically pleasing.

It was explained by Jean Marte that the main reason why they need to build the garage where they are proposing it is because of the leach field that is on their property and they have to have at least five feet of space from it.

"We want to build a two car garage, unfortunately where they put the new leach field when we moved in it's right beyond the driveway which is where most people would put a garage," Samantha Marte said.

Zoning Board member Craig Corbett asked if they explored the other options on the property.

It was explained by Samantha Marte that they tried to put it as close to the leach field as possible without breaking the rules.

"It has to be five feet off of the leach field so that's as close as we could go," she said.

One question that was asked was whether or not

they are planning on building any kind of attic or second floor to the garage.

Samantha Marte said that they aren't planning on doing so and that it will be just a one story garage.

"It looks pretty straightforward to me," said Zoning Board member Richard Tripp.

The Zoning Board voted unanimously in favor of approving the variance with the requirements that they receive

the appropriate permits and inspections, which was the recommendation of the Town Staff.

The next Derry Zoning Board of Adjustment meeting is slated for Dec. 16 at 7 p.m.

Sandown

Sandown Town Administrator Lynne Blaisdell said that the fund could be used for any of their bridges in town.

For the revaluation capital reserve fund Gulla said that as of Oct. 31 there was \$31,000 in the fund. She said that \$25,000 would be coming out of the end of next year for the revaluation.

Selectmen Tom Tombarello said that he thinks that going forward it should be a budgeted line item in the budget.

"If we didn't have the money and we had a cou-

ple of bad years with a default budget we have to reveal the town we have to come up with the money at the end of the year," he said.

Blaisdell said that if it's in the budget and they don't spend it then they lose it.

"This is our ability to save it,"

She explained that right now they pay a certain amount down for the revaluation services and then each money they pay a certain amount depending on the cost of the contract and what percentage they put down.

Her suggestion was that they put \$10,000 into

it each year.

"I think it's best to keep it at 10 grand. I think that's a reasonable number," Blaisdell said.

The Board of Selectmen decided to think it over more before making a decision.

For the fire equipment and fire apparatus reserve warrant article, Gulla said that they are waiting to hear from the fire chief about how much they want to propose in the warrant article.

Gulla said that the figure for the Block Grant warrant article is \$162,044.

Food Pantry Plunge Scheduled To Take Place on Saturday

Photos of previous years plungers.

ALEX MALM
NUTFIELD NEWS

DERRY - The fifth annual First Baptist Church Community Food Pantry "Pantry Plunge" fundraiser to raise money for the food pantry will be taking place this Saturday, Dec. 11, at Gallien's Beach in Derry located on Beaver Lake.

Last year, due to the COVID-19 Pandemic, participants went off in small groups or individually throughout the event,

but this year the plunge will be held in the more traditional fashion. With one big "Freezin' for a Reason" splash.

"The Food Pantry has been serving our community for over thirty years and has not missed a step," the organization stated on their website. "During our current Covid-19 crisis. We anticipate unprecedented need this coming winter and hope you can help us meet these needs."

To participate in the

event participants need to fill out a waiver and donation pledge sheet and come to the event on Dec. 11, which starts at 12 p.m. There's no minimum donation required to participate, the organization said on Facebook. Plungers can form teams or participate individually.

"The atmosphere on Plunge Day is festive. Many plungers are very creative, donning costumes or team shirts," the event's Facebook posting

stated. "Others prefer back-to-basics swim apparel. We recommend plungers wear water shoes, old sneakers, or sandals into the water. Bring warm, dry clothes to put on when you come out of the water and a fleece throw blanket to wrap up in."

The organization said that the annual fundraiser is very important in order for them to help the community.

"Your enthusiasm in fundraising and intrepid

plunging help us meet the needs of people in Greater Derry," they wrote on Facebook. "You're making a real difference and building community bonds by participating in the Plunge. And it's fun. We appreciate your involvement and support."

The organization said that T-Bones in Derry will be serving soup to the Plungers after the event. Those details will be announced on the beach, they said.

It was explained that The Town of Derry is currently following Universal Best Practices State of New Hampshire Governor's Economic Reopening Taskforce, and the Pantry Plunge will do the same.

It was also noted that The Town of Derry does not allow dogs at Gallien's Beach.

For more information about the plunge visit pantryplunge.org.

tion that a change in policy is warranted after evaluating the data each Thursday.

The second recommendation was to add details to clarify the criteria for availability of Telepresence participation for students.

Another recommendation that the Committee had was for the Board to consider changes regarding on-site face mask requirements at School Board meetings and also when external groups are

authorized to use the building.

They also recommended authorizing the Chester Academy nurses to implement a process to accept the results of FDA authorized Covid-19 Home testing, as supported by New Hampshire Department of Health and Human Services.

The School Board had

several concerns about the Matrix that was presented and for the proposed changes to on-site face mask requirements at School Board meetings and also when external groups are using the building with permission.

Because the Reopening Committee already had planned to review the aspects of the Reopening

Plan in January and to update the School Board in February, the Board decided to table the recommendation.

For now the currently approved Reopening Plan will remain in effect pending review at the February School Board Meeting.

Because the other changes recommended by

the Committee regarding telepresence, communication and home testing, are operational in nature they will be communicated to the staff and implemented by Chester Academy Principal Karen Lacroix.

Also during the meeting Lacroix told the School Board that she plans on retiring at the

end of the school year.

In addition to serving as principal she also served as a teacher and as assistant principal over the years.

It was announced that Locke will be convening a Search Committee in January to begin the process of finding the next Principal of Chester Academy.

Remembering Pearl Harbor

December 7, 1941: a day that would live in infamy. It was the day Pearl Harbor was attacked and the day that thrust the United States into World War II.

Men who had fallen asleep awoke to explosions. Many U.S. sailors would be lost to the clamor and chaos. A total of 2,403 American citizens would be lost on that fateful day.

The numbers tell a morbidly fascinating story of that morning the United States came under attack without warning. Our nation was well aware of the turmoil and horrific events taking place overseas in Europe, but at that time we had our own battles—those of exceptional economic distress—and war was the farthest thing from our minds.

But this day would change all of that.

The Greatest Generation mourned a tremendous loss of human life in the days following Pearl Harbor, and they would rally behind President Franklin D. Roosevelt's call to arms without looking back.

Today, there is time to look back with awe at ordinary people becoming extraordinary and to personally thank, if possible, that shrinking number of individuals who were there when everything changed.

In his speech to Congress and the nation on Dec. 8, 1941, President Franklin D. Roosevelt said, "No matter how long it may take us to overcome this premeditated invasion, the Ameri-

can people in their righteous might will win through to absolute victory."

Sadly, the progression of time has dimmed the voices of the men who were on ships, who clamored to battle stations, who cried over lost comrades. Much of today's generation will hear of these events only from sterile textbooks and dry classroom lectures, information that may go in one ear and out of the other.

There is much that divides us today – some of it is of consequence, and some of it is merely the result of too little generational sacrifice, a lack of understanding of what is and is not important.

We should remember this event and inform future generations of this event not just by moments of prayer and reflection, but by focusing on being better Americans, and along with the hardships we as a nation have overcome reflect on our own shortcomings.

There were more dark moments to come during World War II within the United States. Out of fear and prejudice, Japanese-Americans were forced from their homes and put into internment camps. Two wrongs do not and never have made a right, and we would be wise to remember this today.

Freedom is important. We owe what we have today to the heroes of Pearl Harbor and to the heroes of the battles that would follow. We remember them and learn. And we offer thanks.

300th Committee Holds Old Fashioned Tree Lighting Event

SUBMITTED BY SUE RIETER,
CHESTER 300TH
ANNIVERSARY COMMITTEE

CHESTER – On Saturday evening, Dec. 4, residents of the town of Chester came together to celebrate the Holiday Season with an old fashioned Community Christmas Tree-Lighting.

As twilight faded, residents of all ages from little kids in strollers to respected elders, gathered outside Stevens Hall in anticipation. The countdown commenced, the switch was thrown by 300th Committee Chairman Jean Methot, and the tree, in all its traditional multicolored glory was illuminated!

Shortly after the lighting, a musical interlude took place from the stairs of Stevens Hall with performances by the Manchester Choral Society, Dr. Dan Perkins, Musical Director, and the Chester Academy Chorus, Ms. Laura Green, Director.

really needs to go where it was planned."

The ZBA approved the requested variance, 4-1, to allow for the Hamiltons to have the new additions built on their property.

After approving the Hamiltons' request, the ZBA proceeded with a public hearing on a request made by Brighton Drive Inc. This request was for a special exception in the Hampstead Zoning Ordinance to allow for a home occupa-

tion hair salon.

"This is Courtney and Jim Gray. Right now, they live at Harper Ridge and she also had a hair salon there for 14 years," said the President of Brighton Drive Inc. "She only uses it three or four times a week. She has probably four people a day."

The Zoning Board asked Courtney a few questions about how she runs the home occupation salon and after seeing no issues with it, they approved the request unanimously.

The public hearing on

the request made by Andrea Peters for a variance in the Hampstead Zoning Ordinance was moved to the Jan. 5 meeting. If approved, Peters would be able to build a dwelling with less than the required 50 feet from Group 5 soils, less than 45,000 Square Feet of space, less than the required 150 feet of frontage, and for stairs or a deck to be built too close to property lines.

The Hampstead Zoning Board of Adjustments will meet again on Wednesday Jan. 5.

A fine time was had by all, and the 300th Anniversary Committee hopes the

Hampstead Holiday Parade Rolled Through Town Sunday

The Hampstead Lions Club once again orchestrated a mobile Holiday Parade which traveled throughout many of the streets and neighborhoods in the town of Hampstead. This year's theme was a Hawaiian style Christmas and many of the floats were decorated with grass skirts and palm trees. Residents lined town roads and cheered on the parade which ended with Santa Claus riding on a Fire Department ladder truck.

Ella Koelb – Division I First Team

Sarah Bolduc – Division I Second Team

Abby Leppert – Honorable Mention

CHRIS PAUL
NUTFIELD NEWS

As high schools are preparing for the winter sports to begin, selection were made by the Division I coaches for their selections on some of the best high school volleyball players during the fall season. There were 24 choices made on those who coaches felt were standout players

this year and the Lady Astros had three girls making that very short list of the best in the state. Pinkerton Academy senior setter Ella Koelb made the Division I First Team, sophomore Outside Hitter Sarah Bolduc was chosen for Second Team, while senior middle Blocker Abby Leppert received Honorable Mention for her outstanding work this season.

Koelb was a four-year Bulldogs. Bedford High School team went on to become the state champs this season. The Pinkerton girls finished the season with an exceptional 14-4 record and were seeded in the top four in the state tournament.

Pinkerton Girls' Lacrosse Coach Retires After 10-Years

CHRIS PAUL
NUTFIELD NEWS

The Pinkerton Academy Girls' Lacrosse team will have a new person holding the reigns in the spring after longtime head coach Rob Daziel announced he would be leaving the post.

According to a press release by the school, Katelyn Bourque-Blair was recently hired as the new head girls' lacrosse coach at Pinkerton Academy for the

2022 season.

Bourque-Blair is former three-sport athlete at Pelham High School and was the head lacrosse coach at Dracut, Mass. from 2012-2018.

Most recently, Bourque-Blair spent the last two years as head coach at North Andover High School. Bourque-Blair has also been the head field hockey coach at Windham High School for the past six years, winning four state champi-

Rob Daziel

onships.

She is succeeding Rob Daziel, who retired after 10-years of coaching the PA Lady Astros where he was able to compile an outstanding 141-37 record.

Daziel was also able to win three state championships in 2013, 2014 and 2016.

Daziel also reached the championship games in 2019 and 2021, but fell short to Bishop Guertin in both of those games.

Daziel was also able to coach his four girls while coaching at Pinkerton.

When reached for comment on his departure Daziel said, "It was a very difficult decision to retire from coaching the girls. I am sure there is going to be a feeling of emptiness this coming spring. Not just for me, but also my long time assistants Jackie Driscoll and Jerry Kraus. They started on day one with me and ended it on our last game 10

years later. I am very proud of all the accomplishments the girls had over the past 10 years."

Daziel also added, "Besides all the player and team accolades, I think the one that will stick with me the longest is having 46 girls go on to play college lacrosse. Having that kind of impact on a young person's trajectory was very rewarding - we've had girls play at all collegiate levels and all over the country."

Ovation Theatre Company Presents Elf Jr. for the Holidays

The holiday season is upon us and everyone's favorite character is preparing to take the stage in Ovation Theatre Company's production of Elf Jr. starting on Friday, Dec. 10, at Granite State Arts Academy in Salem.

The theme of the production centers around, Buddy, a young orphan, who mistakenly crawls into Santa's bag of gifts and is transported to the North Pole. The would-be elf is raised, unaware that he is actually a human, until his enormous size and poor toy-making abilities cause him to face the truth. With Santa's permission, Buddy embarks on a journey to New York City to find his birth father and discover his true identity. Faced with the harsh reality that his father is on the naughty list and that his half-brother doesn't

even believe in Santa, Buddy is determined to win over his new family and help New York remember the true meaning of Christmas.

Ryan Kaplan of Windham brings Buddy to life, describing him as innocent and hopeful. "He is so optimistic and always looks for the best in the people around him. It has been a dream to work through this show and explore not only the over-the-top parts of Buddy's personality, but also the parts which make him feel human."

Youngest cast member Luke Anderson is excited for people to come. "You should come see Elf Jr. to see all the imagination we put into this play."

With four shows already selling extremely well, Ovation can't wait to present Elf Jr.

The production is directed by Meg Gore, with music

direction from Jennifer Brown and choreography by Miranda Ronan. Avenley Allen is serving as Assistant Director and Ella Burroughs as Stage Manager. The youth cast is drawn from far and wide of the North Pole: Luke Anderson, Alaina Anthony, Ava Bicchieri, Jake Birch, Carter Blanco, Connor Burns, Meg Carroll, Sam Craigie, McKenna Duffy, Michaela Horan, Cooper Jean, Charlotte Latour, Kamryn Latour, Grace McElroy, Malia Smith, Lizzie Sosa, Dylan Torre-Moody and Everett Vago of Londonderry; Julia Dowd of Amherst; Grace Perkins of Auburn; Abby Parnell of Hampstead; Cailean Anderson of Hudson; and Ryan Kaplan of Windham.

Elf Jr. will be presented on Friday, Dec. 10, at 7 p.m., Saturday, Dec. 11 at 1 and 7 p.m. and Sunday, Dec.

Blue Christmas Service

Hampstead Congregational Church, 61 Main St., Hampstead, will offer Blue Christmas: a Service of Remembrance, Comfort, and Hope, on Sunday, Dec. 12, at 3 p.m. For many, the holiday season with its emphasis on family, joy, giving, and "good cheer" can be a painful time. The loss of a loved one, the anguish of broken relationships, the insecurity of unemployment, the weariness of ill health, the pain of continued isolation and pandemic stress; all these can make us feel very alone in the midst of the celebrating. You are invited into a space and time to acknowledge your sadness and concern. Please know that you are not alone. Join us for this quiet contemplative service of prayer, scripture and music. The service will be in person as well as live streamed and recorded. Please see hampsteaducc.org for more information.
