

Council Okays Restricting Parking on East Broadway

ALEX MALM
NUTFIELD NEWS

DERRY – During the Tuesday, Nov. 2, Derry Town Council meeting one of the agenda items was in regards to amending a traffic ordinance.

It was explained by Scott Savard, the Highway Safety Committee Chairman that they have had an influx of people parking along East Broadway near 94 East Broadway, which has caused safety issues for pedestrians and for oncoming traffic. Their recommendation was to prohibit parking along the south side of East Broadway

from Park Avenue to the traffic circle, and from the traffic circle on the north side of Broadway to Marlboro Road.

It was explained that the fiscal impact for the town of Derry to go forward with the new restrictions would be \$2,300 for the no parking signs and post. This wouldn't include their staff time.

Savard said there would be a provision in the ordinance that states that the no parking could be waived for Town sponsored events especially at MacGregor Park.

The Council ultimately approved the ordinance.

Council member Joshua Bourdon voted against the ordinance saying that he thought they could explore other options.

"I think voting this in lacks creativity and there is a way to achieve parking and make it safer," Bourdon said.

Also during the meeting the Council voted on an ordinance to prohibit parking on Franklin Street.

It was explained by Savard that a resident asked that the issue be brought up by the Highway Safety Committee and they did during their Aug. 19 meeting, and

Hampstead School Board Votes No on Special Meeting

NUTFIELD NEWS

HAMPSTEAD – The Hampstead School Board discussed what they would do in regards to a petition that they received calling for the District to have a special meeting during their Oct. 26 School Board meeting.

At their previous meeting Superintendent Robert Thompson told the School Board that if they went forward with the special meeting the questions the petitioners want on the ballot is "To see if the voters of the Hampstead School District will vote to adopt the following provisions pertaining to requirements to wear face coverings within the Hampstead

School District:

The use of face coverings shall be optional for all students at the sole discretion of their parent or guardian The use of face coverings shall be optional for any employees and visitors on school district facilities and attending school sanctioned events."

During the meeting Thompson also told the School Board what the RSA states regarding special meetings.

"A special meeting of a school district shall be held whenever, in the opinion of the school board, there is occasion therefor, or whenever 50 or more voters, or 1/4 of the voters of the district, whichever is less, shall have made written application to the school

board therefor, setting forth the subject matter upon which action is desired," it states. "No special school district meeting shall be held in conjunction with the biennial election, except when a special school district meeting has been approved by the court and a school district has adopted the official ballot referendum form of meeting pursuant to RSA 40:14."

Hampstead School Board Chairman David Smith explained that they asked their attorney for an opinion on the direction they should go. Smith said that while it was ultimately their decision, their legal counsel said that the School Board is the gov-

Sandown Selectmen Set Tax Rate, Reject Special Meeting

ALEX MALM
NUTFIELD NEWS

SANDOWN – During the Nov. 1 Sandown Selectmen meeting, the set the town's tax rate at \$28.98.

Blaisdell explained that they got the preliminary tax rate back from the State which would be \$29.27 per thousand.

She explained that depending on how much they use from the unassigned fund balance they are able to reduce it by a few cents.

She said that the lowest it could be is \$28.73 per thousand if they allocated \$330,000 from the fund balance for it.

Blaisdell said that they have been working on try-

ing to keep more in the fund balance since they don't have a strong enough fund for emergency situations.

After some discussion about how much they would use from the fund balance the Board of Selectmen ultimately approved the tax rate at \$28.98 per thousand. They

Sandown Planning Board Gets Updated on Dackam Fields

ALEX MALM
NUTFIELD NEWS

SANDOWN - During the last month's Sandown Planning Board meeting the Board had a hearing regarding a conditional use permit application and consolidation and subdivision application for the property located at the Northern end of Diane Lane.

Representing David Hoyt, the owner of the property was Charlie Zilch.

Their plan is to subdivide 34 acres of land on the

property which is known as Dackam Fields.

Zilch explained that he had received comments back from Alteration of Terrain and other state agencies and had begun to review and change his plan sets.

Zilch told the Board that there had been no substantial changes requested by the State.

During the meeting Zilch also told the Board that he plans on creating an easement for the two access points into the backlot. Steve Keach, the Engi-

neer for Sandown said that by having an easement it will benefit both the Town and the developer, if he chooses to continue to build on that property.

It was pointed out by Zilch that despite removing those two access points from the open space calculation they will still meet the open space requirements.

"It does meet your open space requirement," he said.

During the meeting Keach also laid out some suggestions for things they

may want to look at in their possible conditional approval.

One thing that was pointed out by Keach is that they should ask for a fair share contribution that is similar to the one they asked for in the Hoytford Hills conditional approval. He explained that the money would go towards the repaving of Ferguson Lane which they hope to be able to do in 2022 when the second portion of Odell Road gets repaved.

It was pointed out by Zilch that he hadn't met

with the Conservation Commission at the time of the meeting to get their approval for the conditional use permit. He said that he would be meeting with the Commission on Oct. 28 with the hope of gaining favorable approval from them.

He also noted that he is planning to reach out to the Recreation Commission regarding his waiver request.

Zilch asked for the applications to be continued until the Board's Nov. 16 meeting which the

Board approved.

Also during the meeting the Board approved a continuation request for 65 Odell Road to their Nov. 16 meeting. Keach explained that he spoke with James Lavelle, who is representing the owner. Keach said that Lavelle told him that he was able to get plans in place for the driveway which he couldn't get before.

The next Sandown Planning Board meeting is slated to take place on Nov. 16 at 7 p.m.

Derry Zoning Tables Ballard Road Variance Request

ALEX MALM
NUTFIELD NEWS

DERRY - The Derry Zoning Board held its regularly scheduled meeting on Nov. 4.

During the meeting the Board heard a case regarding the construction of a single family home located at 26.5 Ballard Road. The owners were seeking a variance to build the home there without having enough frontage as required.

It was explained by Timothy Peloquin, who was representing the owners that the property was originally supposed to be used as a community well lot about 40 years ago, and would have supplied the water to the homes in the area.

After it was determined that it was sufficient enough to provide the amount of water needed the well was never built and the lot has remained empty.

Peloquin explained that the Cooper family who own the property are in the process of cleaning up their properties and this was one of those.

One question that was asked was if they are planning on building a home on the property first and then are going to sell it or if they are planning on just selling it as the land.

Peloquin said that they are looking to find a suitable buyer and will either contract someone to

build it or will just sell the land to the buyer.

During the meeting multiple abutters spoke against the variance being approved.

One of those was Janet Virr who said that she has lived at 20 Ballard Road for the last 36 years.

She brought up that there was a variance request from about 18 years ago for the lack of frontage on Ballard Road which was denied.

She said that aside from not having enough frontage there were also issues with the fact that the Coopers had made promises to

prospective buyers saying that they weren't going to build anything on the lot.

"It should be denied as it was in 2003," Virr said.

John Cooper who was in attendance at the meeting said that at the time they didn't think that they were going to build on the property.

He also noted that they offered to sell it to the neighbors surrounding the property multiple times over the past 10 years without any interest.

One of the main questions that the Board had to consider was whether or not the variance request

would be a repetitive request or not because of the previous ruling.

Chairman Lynn Perkins said that he thought the Board should review the new documents they received during the meeting and then put it back on the agenda for a future meeting.

"That's the direction I think we should go," Perkins said.

The Zoning Board ultimately voted unanimously to table the case.

The next Derry Zoning Board meeting is slated for Nov. 18 at 7 p.m.

Hampstead School Board Hears Budget Presentations

ALEX MALM
NUTFIELD NEWS

HAMPSTEAD - During the Oct. 26 Hampstead School Board meeting the Board heard from the school district's different departments regarding their proposed FY 2022-2023 budgets.

Superintendent Robert Thompson said that they were presenting the different items that they are intending on including in the proposed budget and didn't include salaries.

"What you see tonight really is a draft," Thompson said.

He said that they want to get feedback from the community and the School Board about the budget, and will have chances

throughout the budget process for community members to give their input.

Thompson said that through their budget one of their goals is to be financial stewards of the community, saying that they want to make sure they are as efficient as possible with their funds.

"We understand that we are asking our taxpayers to make a significant investment in our schools," Thompson said.

He explained that they used a zero budget form of budgeting this year which means they started their budgets from scratch and only budgeted specifically for what they need. Thompson said that usually budgets are done based on

using previous budgets and account for things like inflation.

Central School Principal Terrilyn Cheney said that their proposed budget is \$ 204,415. She said it's a decrease from this year's budget by \$26,255. The current budget is \$230,670.

She said that the biggest decrease for their proposed budget is in the mathematics department which has a proposed decrease of \$53,000. She explained that it was because they invested in "Big Ideas" last year and their three year contract includes workbooks.

Middle School Principal Maria Di Nola said their proposed budget for next year is \$ 204,294. She

said that the current budget for this year is \$ 361,971 which means the proposed budget is \$157,677 less than this year's.

The biggest difference between their proposed budget and the current one is savings for textbooks.

It was explained that they purchased new math and social studies textbooks this year. She said the savings for math textbooks would be \$ 111,650 and \$ 49,040 for social studies textbooks.

Presenting the proposed budget for the facilities department was Director of Facilities Jeff Mackey.

He explained that the proposed budget is \$ 839,478 while the current budget is \$ 2,695,449

which is a decrease of \$1,855,971.

Mackey said that the largest part of the decrease is because \$1.66 million was allocated for the 60s renovations.

Mackey said that they were also able to benefit from the zero based budget process.

"I was really able to dive deep and adjust all my needs to whatever the best fit was for each account line," Mackey said.

One of the other budgets that was discussed during the meeting was for Pinkerton Academy tuition.

It was explained by Director of the 21st Century Learning, Assessment, and Technology Nicole Tomaselli that this year

they currently have 392 students enrolled at Pinkerton Academy and next year they are expecting to have 394 students enrolled there.

It was also explained by Tomaselli that they budgeted for 440 students attending this year for a total of \$5,903,436.

Since they have only 392 students enrolled their projected cost is now \$5,369,616, meaning they may save upwards of \$600,000 this year.

Next year's budget projection is \$5,666,902, which would account for a five percent increase for tuition. Tomaselli said that the tuition increase varies each year but they estimate higher.

Derry Residents Will See a Tax Rate Increased of 1.72%

BIBI MILER
NUTFIELD NEWS

DERRY - The town of Derry recently announced the establishment of the 2021 Tax Rate to \$24.76. The new rate shows an increase of 1.72% over last year and tax bills are expected to be mailed out shortly with an expected due date of Thursday, Dec. 9, 2021.

The NH Department of

Revenue establishes the rate using four factors: Town services; local school costs; state education; and Rockingham County taxes.

The tax rate change:

	2021	2020
Town	\$7.22	\$7.15
School	\$14.82	\$14.45
State Ed.	\$1.86	\$1.88
County	\$0.86	\$0.86
Total	\$24.76	\$24.34

According to a press

release by town officials the appropriation for town services funds the police department, fire department, emergency medical services, public works, recreation, public libraries, public health, welfare, planning, code enforcement, the transfer station, water, wastewater, community access television and government administration.

Public Works services

include the purchase, maintenance and replacement of roads, parks, bridges, dams, vehicle, equipment, land, and buildings.

Revenues raised by service fees, permits and grants reduce the amount that is needed to be raised through taxation.

Public water and waste-

water are paid for through user fees.

Community Access Television is funded through Comcast Franchise Fees.

The School District funds support the education of students in preschool to grade eight. These funds support both

general and special needs educational services. Additionally, the district currently pays the tuition for Derry students, grades nine through 12, attending Pinkerton Academy.

With the new rate, a home valued at \$400,000 will pay \$9,904 in taxes.

Editorial

In the Spirit

Every year around this time, we begin to get letters with requests for donations for warm clothes, winter accessories, food, gift cards, and new toys to help people who are less fortunate get through the holidays and colder months.

This year may prove to be even more challenging, with the list of those in need becoming more extensive. With the economy as it is and no end in sight, the lack of items and the increase in cost of just about everything along with the high prices of at the pump, electric, water, gas, oil and taxes changing.

We all hear the "Bells" this time of year, whether it's a request for a monetary donation, a food item, a gift in answer to a request of an ornament on a Giving Tree, or a concert admission benefiting a certain cause, fund drives are seen everywhere as the holidays approach. Even schoolchildren get lessons in helping others as they collect change or canned food for their less fortunate friends.

There are many different groups out there that will focus on nationwide issues related to the children in all kinds of situations; veterans and there needs, the elderly, while

others I will who call angels' zoom in on those in their own hometown. The angels who focus in on community where very dime and items collected go to people in our town – state.

We are lucky to live in towns with angels that appear to helping in every facet weather they are donations or working at a fundraiser.

The economy sure is changeling, but so is the pandemic. We always seem to find a way to help each other though difficult times. Like the song states "Whatever doesn't kill you makes you stronger" words to live by.

For those of us fortunate enough to have jobs or a retirement income that allows us to pay our bills and give our family some extras, we invite you to consider the requests for help that highlight the coming holiday season.

Anything can help; some extra food, a pair of gloves and scarves, or a toy for a child who might not get one. These are all small sacrifices to make in light of the help and happiness they will bring.

And that's truly part of the spirit of the holiday season. It is truly a gift, having the means to give.

Letters

Vote for Mary Eisner

To the editor,

I love Derry. I love it's small town character and its family-friendly atmosphere. I met Mary Eisner when I first moved to Derry through her work to preserve Derry's rural, climate-friendly environment. Her support for Derry's public schools has always been a priority. When she was in the legislature in 2019-2020, she voted for the Democrat-crafted state budget which awarded nearly \$7,000,000 to the Derry public school system and nearly \$1,000,000 to the town of Derry itself. It is this money that helped to reduce Derry's property tax rate from \$26.12 to \$24.76 per thousand evaluation. None of the Republican Derry Representatives voted for the budget.

Mary voted for HB 365 in 2019 to open the way for Derry to build a solar field capable of meeting all the electrical needs of the town. Two thirds of the Republican Derry State Representatives voted against HB 365 in 2019.

Mary supports such reasonable initiatives like protecting our environment and the integrity of our

vote. She opposes the radical agenda that would divert millions of public tax dollars to minimally regulated private, religious and home schools. She opposes limiting a pregnant woman's options for medical care regardless of fetal viability, rape, or incest. She opposes the radical way Republicans slipped unpopular initiatives that could not pass as stand alone bills into the state budget which Governor Sununu gladly signed.

Vote for a reasonable legislator not radical ideologues. Our state is at a critical juncture. This is not an election you want to sit out. Vote for Democrat Mary Eisner on December 7 at Calvary Church. Vote reasonable not radical.

Mary Till,
Derry

Special Election

To the editor,

The citizens of Derry have a choice to make on Dec. 7 in a special election, where all districts will vote at Calvary Bible Church. Candidate for State Representative Mary Eisner is reasonable, responsible and opposes the current

budget which will downshift costs to Derry taxpayers. Her experience as a Derry Representative allows her insight into legislative processes and procedures. Having participated in town committees and other volunteer experiences in Derry, she understands the needs of our town and its citizens.

Her opponent lacks legislative experience and endorses the current state budget including a plan to divert taxpayer dollars from Derry public schools. This budget also provides a quarter of a billion dollars in tax benefits to very wealthy citizens and large corporations resulting from lowering and then eliminating the Interest and Dividends Tax. Passed by the Republican led Legislature and signed by Governor Sununu, this budget will be costly for our town.

Mary supports funding public education, expanding voting rights, and a woman's right to choose her own options for medical care. By supporting her on December 7th, you will choose a champion for Derry and its taxpayers.

Hampstead

continued from page 1

erning body which means they can implement things like mask mandates.

Smith said that the legal counsel told them that they have two options. The first one would be to not call a special meeting and the other would be to have the special meeting but make it advisory only.

Smith explained that they would have to spend money on it and it wouldn't be something they would be able to do right away.

He also pointed out that because the COVID-19 vaccine will soon be available for everyone five years old or older that they will likely be taking a vote soon on making masks optional which would

make the issue moot anyways.

While the School Board members said that they appreciated the effort community members made to file a petition, they felt that with the timing of the vaccines becoming available combined with the special meeting being advisory only they voted against having a special meeting.

Wason Pond Commission Discuss Bridges and Dog Beaches

HENRY GREENBAUM
NUTFIELD NEWS

CHESTER - The Wason Pond Recreation and Conservation Area Commission met for their monthly meeting on Monday, Nov. 1 at the Rangeway Meeting Room.

After approving the minutes of the last meeting, Alex Brillhart updated the Commission on his Eagle Scout project. Alex proposed back in Febru-

ary to build a puncheon bridge to replace the old bog bridge that was rotting away.

He came to this meeting to report that the bridge is done. "I spent a while making the plants. Then, I set out and [worked] on the sections of the trail right there," said Brillhart. "I went back to my house and made all the concrete [blocks] that go under the bridge. I had 15 of those

and they were about 11 feet tall."

Brillhart then made 11-foot x 4-foot-wide sections out of tamarack wood that went on top of the concrete blocks. Commission members expressed their gratitude and were pleased with how the bridge came out.

The bridge was not safe to walk on with it rotting and it could have fallen a part any minute. The new bridge that

Brillhart put in place of it is much safer and was built in a way so that it will last for many years to come.

After Brillhart's presentation, the Commission moved onto the dog leash ordinance that was discussed in the Selectman meeting from Oct. 7. The discussions for the ordinance have been moved to their Nov. 4 meeting but they wanted the Commission to go over it before that meeting takes place.

The ordinance is meant to put in new regulations on leashing your dog when at Wason Pond. "My thought was that it is a bit unreasonable to ask somebody who is walking their dog and wants to cool off in the water to cool off [the dog] on the leash. That was my main

concern," said Spring Hill Farm Advisory Commission member Mark Desiderio. "It was my thought that an area could be courted off. There is no such thing as 'Dog Beach' at Wason Pond, but in my mind this might become maybe named or referred to as 'Dog Beach'"

Desiderio proposed that there are several areas around Wason Pond that could be courted off for people to walk their dogs since they can't walk them on the main beach and the dogs could go in the water in these areas.

The Commission agreed to adjust the ordinance and to consider the possibility of the closed off areas for dogs. Some Commission members abstained from voting,

but the ones who did voted in favor of the new ordinance. The amended ordinance will be presented to the Selectmen at their meeting on Nov. 4.

The Commission also discussed the Ash Street Bridge and if it should be replaced or removed altogether. After a long discussion about what to do about the bridge, the Commission decided to table the discussion for their next meeting. Some Commission members will go to survey the bridge to help with their decision.

The Chester, NH Wason Pond Recreation and Conservation Area Commission will meet again for their monthly meeting on Monday, Dec. 6 at the Rangeway Meeting Room. The meeting will begin at 7 p.m.

Derry

continued from page 1

determined that there are sight distance issues and safety concerns at the stop sign.

"The Highway Safety Committee recommends that parking be prohibited on the Easterly side of Franklin Street beginning 300-feet north of the intersection of East Broadway and continuing northerly for 240 feet to the intersection of Pearl Street."

The Council unanimously approved the ordinance.

In other news the Council had a resolution on the agenda to approve Calvary Bible Church as a polling place for the special state representative election on Dec. 7.

It was explained by Town Administrator Dave

Caron that the laws required to operate the polling place didn't align with the policies currently in the schools and thought it made sense to have it at a different place for this election.

Town Council Chairman James Morgan said that they worked hard over the past four years to have one polling location so they have consistently and it's not confusing for

people on where to vote.

He said he was disappointed that they aren't able to have it at West Running Brook Elementary School, which is where they have the past several elections.

The Council approved of the polling location with Morgan voting against it.

The next Derry Town Council meeting is slated for Nov. 16 at 7 p.m.

Chester School Board Approves Symptomatic COVID Testing

ALEX MALM
NUTFIELD NEWS

CHESTER - The Chester School Board held its regularly scheduled meeting on Nov. 3.

During the meeting one of the agenda items was in regards to Symptomatic COVID Testing.

It was explained that after last month's meeting and in response to feedback they received from the Board, they discussed adopting a new program supported by NH DPHS that will enable our nurses to administer rapid COVID antigen tests while children are in school.

It was explained that Principal Karen Lacroix, and Superintendent Sharon Locke along with interested Chester Academy parents worked together over the last month to finalize the program for Chester Academy.

"The Board very much appreciates the support and collaboration of our C-A parents on this critical issue," Chester School Board Chairman Royal Richardson said.

The initiative will be managed by the school nurses, and the testing will only be for students whose

parents have signed a permission form and develop a COVID-19 symptom during the school day.

"At its monthly meeting last night, the Chester School Board approved a new program supported by NH DPHS that will enable our nurses to administer rapid COVID antigen tests while children are in school. There is currently a nationwide shortage of test kits so testing will be provided based on availability," a letter from Lacroix and Locke following the meeting stated. "The testing will only be an option for children whose parents have signed a permission form and have developed a COVID-19 symptom during the school day and the nurse determines they may be well enough to remain at school. Students with fevers and/or multiple symptoms will continue to be dismissed from school and be required to seek a COVID-19 test or quarantine before returning."

"Participation in the symptomatic testing program is completely voluntary and requires a parental permission form," the letter went on to state. "An electronic Symptomatic COVID-19 Antigen Test Permission

Form will be sent via email early next week to parents/guardians who have completed their 2021-2022 Annual School Registration and COVID Attestation Form. If you have not yet completed this year's Registration or Attestation or are uncertain, please contact Beth Howard or Ann Parnell in the main office. Paper copies of the permission form will also be available in the main office."

Also during the meeting the School Board got an update from Locke regarding the COVID transmission level metrics which is part of the Return to School Plan.

It was explained by

Locke that the COVID transmission status in Rockingham County and the South Central Public Health Region (Atkinson, Chester, Danville, Derry, Hampstead, Londonderry, Plaistow, Salem, Sandown, Windham) remains substantial, according to the NH DHHS Dashboard.

She said that based on the state's calculation, the community of Chester is also still demonstrating substantial transmission levels. There were 11 new positive cases over the last 14 days in Chester, she noted.

It was also explained during the meeting that the Chester Academy School nurses are keeping track of

COVID symptoms that result in a student being sent home. There were 34 students presenting in the Nurses' office for nurse identified COVID Symptoms during October. There were 89 students out of school for COVID related symptoms or exposures during October.

Because of the fact that the region remains substantial and the fact that there continues to be a presence of COVID-positive cases in the school, the Board agreed that the current Universal Mask Usage policy for the Chester Academy campus should remain in effect and will be reviewed again in December.

It was also announced

during the meeting that the administration has begun working to develop a proposed budget for the 2022 - 2023 School Year with input from the Board. It was also explained that the timeline for Budget development will have the final draft of the budget delivered to the Board in late November for analysis, discussion and finalization during December. The Board will deliver the final version of the proposed Budget to the Chester Budget Committee in January for their analysis and consideration.

The next Chester School Board meeting is slated for Dec. 1 at 7 p.m.

Sandown

continued from page 1

will be using \$195,000 from the fund balance.

During the meeting, the board also discussed what they should do regarding a petition they received requesting a special meeting.

Sandown Town Administrator Lynne Blaisdell explained that they received a letter along with a petition on Oct. 26 with the question to see if the

Town would ban the use of voting machines for elections. Blaisdell said that when they received the petition they asked the Supervisor of the Checklist to determine if the signatures were valid.

She explained that at least eight signatures for the petition weren't registered voters and one was questionable because they needed their date of birth.

The requirement is to have 50 valid signatures and since they had a total

of 52 signatures it means they didn't have enough valid signatures.

"They don't have the required amount of signatures required," Blaisdell said.

After going into closed session to discuss the letter they received from legal counsel the board voted to reject the special meeting request since the petition didn't have enough valid signatures.

Also during the meeting the Board of Selectmen heard from Pat Kimball the Chairman for Sandown Old Home Day.

"I do want to thank the Town of Sandown for supporting this year's Old Home Day," Kimball said.

Kimball said that through this year's Old Home Day events they were able to raise \$1,826

which went back into the General Fund.

She said that they started the event with \$8,300 and spent \$7,737 on this year's event and now have a balance of just under \$600.

Kimball said that they are requesting a warrant article to be on the ballot during the Town Meeting for \$8,000 which would cover the cost of the 2022 Old Home Day. Kimball said that it would account for likely inflation and for them to have some more performers possibly. She noted that it wouldn't include the cost of fireworks.

Board of Selectmen Chairman Eric Olsen said that they will review the warrant article at a later date when they review the other ones.

Chester Residents Kick Off Tricentennial in Style

SUE RIETER
CHESTER 300TH COMMITTEE

CHESTER - Saturday evening, Oct. 23, residents and friends of Chester gathered at the Vineyard Event Center in Derry for a formal Kick Off of Chester's 300TH Anniversary Celebration. At the door, the Tricentennial merrymakers in festive attire were greeted by a pair of Chester's iconic scarecrows in colonial garb. Gracing the foyer was a giant lighted anniversary cake with a rotating "300" topper. This cake was pas-

sed along to Chester from the town of Brookline at the conclusion of their 250TH celebration, and is expected to become an icon of the yearlong series of events. (You may have already seen it portrayed Scarecrow-Style at Andrew Hadik's field on Chester St.!) Inside, while locals mingled for cocktails and hors d'oeuvres, DJ Sharon DeLuca of Simply The Best Entertainment provided the musical ambiance. During the entire evening, a wonderful slideshow of Chester, people and places past and

present, was displayed on the big screen.

The Call to Assemble (Hear Ye! Hear Ye!) was given by Selectman Steph Landau in tails and a top hat as the Town Crier, who, with a ring of the bell, urged all present to "...Assemble [and] complete all our festivities before the last Concord Coach departs on the hour of 10 o'clock this evening". Next was a wonderful skit entitled "Hello Chester!" featuring townspeople portraying various famous and eclectic histor-

ical personages, many of whom lived where the current folk reside. Among the vignettes presented were Samuel Bartlett (Jean Methot), Jacob Chase (James Piper), Capt. Jonathan Blunt (Steph Landau), Isaac Blaisdell (Chris Hadik), Rev. Ebenezer Flagg (Rev. Linda Rackliffe), Lord Timothy Dexter (Mat Stover), Gov. Samuel Bell (Oliver Ford) and Isabell Fitts (Kiki Branley).

After a blessing by Rev. Linda Rackliffe, (Pastor of the Chester Congregational Baptist Church), and a toast to the people of Chester past, present and future by Jean Methot, (Town Historian and Chairman of the 300TH Committee), the assembly settled in to enjoy a fine meal, lively games, dancing, and good company.

The 300TH Committee would like to thank the many people and groups

Steph Landau gets the party started as the Town Crier.

who helped make this a memorable (can we say historic?) event, especially Busby Construction, Atkinson; Farris Auto Repair, Chester; Benson Lumber & Hardware, Derry and all of our other generous Sponsors and Friends.

Limited Sponsorships are still available for busi-

nesses and families who would like to partner with us to continue to make this the Best Celebration in the History of Chester. Please contact rhondal@chesternh300.org for details.

We also invite you to visit the Celebration Website at www.chesternh300.org.

Derry Planning Board Approves Hillside Avenue Lot Line Change

ALEX MALM
NUTFIELD NEWS

DERRY - During the Nov. 3 Derry Planning Board meeting the Board heard an application for a lot line adjustment for 9 Hillside Avenue and 5 Hillside Avenue

It was explained by Robert Degan who was representing the owners that a variance was granted for 5 Hillside Avenue to subdivide it into two lots by the Zoning Board.

Robert Carlton who owns 9 Hillside Avenue, said at that Zoning Board meeting that they were interested in buying some of the lot at 5 Hillside Avenue in order to add onto his property

Since then the owners agreed to sell a 50 foot

strip next to Carlton pending receiving approval from the Planning Board regarding the lot line adjustment.

"We're here to try to make that happen," Degan said.

Degan said that they were requesting a waiver for a wetland study since there is no new development and they just want to adjust the lot line so it makes more sense.

It was also noted during the meeting that both homes still meet with today's zoning standards even with the lot line change.

Planning Board member Jim MacEachern commented on how simple the request was before making a motion to approve the lot line adjustment.

"I don't think this thing could be any easier, it's probably one of the easiest things we've ever seen," he said.

The Planning Board unanimously approved the lot line adjustment.

Also during the meeting Planning Board Chairman John O'Connor welcomed back David Granese to the Planning Board after he was voted in as a full-time member by the Town Council the night before. It was pointed out by O'Connor that Granese previously spent many years on the Planning Board including being the chairman at one point.

The next Derry Planning Board meeting is slated for Nov. 17 at 7 p.m.

Astros Regain State Cheerleading Title After Year Off

CHRIS PAUL
NUTFIELD NEWS

After having to sit on the sidelines last year due to the COVID-19 Pandemic forced a halt to the fall sports season at Pinkerton Academy, the Astros Fall Spirit squad regained their elite status of Division I State Champions on Sunday morning.

The NHIAA Division I Fall Spirit State Championship Tournament was hosted by Pinkerton Academy on Sunday, Nov. 7, and the

Astros squad edged out last year's championship team, Dover High School, by just 1.7 points.

The PA girls finished the championship with 105.1 points. Dover finished second with 103.4 and Cord was third in the division with 101.3.

There were 16 high school teams competing in this year's tournament and fans filled the stands of the Hackler Gymnasium with a room full of energy and excitement throughout each three minute routine per-

formed, but the hometown crowd overwhelmed the room with their cheers.

Three year varsity team senior, Rachel Swanson was extatic about the win, "This year our team gave it their all, after not getting to compete last year. We made sure to give it our all this entire season."

Her teammate, junior Brielle Bryson was also happy with the team winning the title, "No matter what, the team pushed through this entire season. It really showed how much everyone

on the team really cared for the sport and each other."

In the last 11 years, the Pinkerton squad has won nine fall titles and all but one of the championships that they participated in, losing to Londonderry back in 2017.

Members of the team

are: Seniors, Amanda Bryson, Rachel Swanson, Skylar Neilsen, Anna Sgaggs, Kamryn Thompson, Madison Baker, Brooke Drouin and Kylie Souza. Juniors, Emily Lawrence, Emily Taylor, Haleigh Bowler, Sarah Taylor and Brielle Bryson. Sophomores Jaylan

Audette and Shelby Scott and Freshman Sara DiClemente, Mackenzie Bergstrom, Kelsey Dionne, Kiareese Perez and Alicia Nicholas.

The team's long-time head coach Michelle McCarty was assisted this year by Ben King and Alexis Chrissanthis.

Astros Girls Soccer Team Winning Streak Ends in Semis

CHRIS PAUL
NUTFIELD NEWS

The Pinkerton Academy Girls Soccer team was riding an 11 game winning streak heading into their semifinals contest against the Lady Cardinals from Bishop Guertin in Exeter

last week, but even though they had handed BG its only loss of the regular season the PA girls had trouble keeping pace in the second half and fell 4-1 in a very exciting playoff game.

The Lady Cardinals had the number one seed in the playoffs and the Astros

worked their way into the semis from the number five seed after having a nine game winning streak to end the regular season.

In that Wednesday night game, the Lady Cards maintained control of the ball for much of the opening moments of the first half and scored early in the game to take a 1-0 lead.

In the early going, PA certainly had their opportunities to tie the game when they were given two penalty kicks from out in front of the net in the early stages.

The first, taken by senior forward Chayse Dube hit the cross bar, the second was taken by junior midfielder Emily Hood and defended at the middle of the net by the BG keeper.

Dube came in from the left wing to score the equalizer at 8:25 in the first half on an open net with the goalie out of position.

Astros junior tender Libby Williams made sure the game remained knotted at one with a big save at the three-minute mark of the half.

The PA girls were able to keep pace with the Cardinals to start the second half and had several oppor-

tunities foiled near the net.

The Bishop Guertin contingent took the lead for good at the 24-minute mark of the period with a corner-kick crossing pass to a wide-open BG left winger for an open net.

Three minutes later, after a pile up on the left side of the Pinkerton net, the Lady Cardinals got the insurance goal to trickle in for the 3-1 lead.

The Lady Cardinals added another point in the final minutes of the game to move on to the championship game against the Bedford Lady Bulldogs where they won the state title with a 1-0 victory.

Astros senior midfielder Maddie Conners scrambles for the ball in the second half. Photos by Chris Paul

Astros senior forward Chayse Dube had the only goal for her team in the semifinal contest against BG.

Long Red Line Takes Fourth at States Meet of Champions

CHRIS PAUL
NUTFIELD NEWS

The Pinkerton Academy Cross-Country teams sent a number of runners to the states Meet of Champions over the weekend with the boys having the entire team qualify while the girls had three girls running.

The meet took place on Saturday, Nov. 6, at the Mines Falls course at Nashua South High School where the top teams from each of the states divisions meet for the final race in New Hampshire.

The PA boys' team took third place at the Division I meet last week, allowing the whole team a chance to compete at the MOC's. The girls had three runners placing in the top 30 last week, giving them each a spot on Saturday.

Bishop Guertin took first in the annual event with

75-points; Coe-Brown was second with 75; Concord High School was third with 117 and Pinkerton Academy finished with 147 points in fourth.

With that fourth place finish, the Long Red Line will compete in the New England Championships on Saturday, Nov. 13, at Thetford Academy in Vermont.

At the MOCs, Pinkerton senior Luke Brennan ran his best race of the year and managed a fourth place finish with a personal record time of 15:32. It also marks the all time fastest performance by an Astros runner in this race.

Ethan Charles was the second PA runner, placing 24th with a time of 16:20. The third PA runner also ran a personal best time and placed 33rd with a 16:35 finish.

Other top seven finishers were: Nathan Binda, 64th

(17:06); Theo Davis, 71st (17:11); Finn Christensen Kraft, 80th (17:16); and Cooper Michaud, 94th (17:33).

The Pinkerton Trailblazers had three runners compete in the Meet of Champions and two of the three will be moving on to the New England Championships. Sophomores Izzy Groulx and Tess Silva finished at nearly identical times to take the 20th and 21st spots respectively. Groulx had a time of 19:14.13 and Silva finished less than a second behind her at 19:14.95. The finish was a 24-second

Personal Record for Izzy and a 19-second overall PR for Tess.

Senior captain Makenna Alden also competed in the race and capped off her stellar cross country career with a 23 second Personal Record of 20:05.

Pinkerton's Football Season Ends in Quarters to Lancers

Astros junior halfback Jacob Albert had a 52-yard touchdown run against LHS. Photo by Chris Paul

CHRIS PAUL
NUTFIELD NEWS

The Pinkerton Academy School Football team suffered its final loss of the fall season to their cross-town rivals at Londonderry High School on Saturday afternoon, Nov. 6.

The Lancers were able to score in each of the four quarters that afternoon and The Astros could only score twice. The quarterfinal game finished with a 25-13 win by LHS despite being called for 13 penalties resulting in a total loss of 90-yards.

The LHS squad will now move on to the semifinals against the only team they lost to this season. The Salem High School Blue Devils won their quarterfinal match-up with Bishop Guertin by scoring a stagger-

stopped quickly by the Londonderry defense, despite a long kick return by Pinkerton junior Jacob Albert.

The Astros fourth down attempt was foiled by a Hayden Austen tackle in the backfield for a loss, giving LHS the ball at their own 33-yardline.

After another holding penalty interrupted their second drive the Lancers Heenan and Kullman combined for a huge passing play with 1:22 left in the opening quarter, Heenan completed a 61-yard unobstructed pass down the middle of the field to Kullman for the second touchdown of the game. The point after attempt by Wrisley was good this time for the 13-0 LHS lead.

Pinkerton had a good drive to end the first quarter and to begin the second, cutting their deficit to six-points. PA quarterback Nathan Campos completed a 13-yard pass to Logan Gokey to start the second with a TD and Picasso Bates kicked the extra point to put the game at 13-7.

Pinkerton was able to keep LHS out of the end zone in the following drive, in part by more penalties against the Londonderry offense and also with a foiled fourth down pass attempt in the end zone broken up by sophomore Caden Michaud.

The Londonderry defense kept PA to minimal yardage in their next drive and got the ball back at their

own 35-yard line with about three-minutes in the half.

Sophomore Jake Schena started that drive with a 65-yard touchdown run that was called back for a block in the back penalty.

Another pass completion from Heenan to Kullman, this time on third down and ten, resulted in a 65-yard touchdown at 1:15 in the second. Wrisley capped off the scoring in the first half with the extra point for a 20-7 Lancer lead despite nine LHS penalties.

The Pinkerton defense tightened up after the break and only gave up five points in the second half.

The first was a 23-yard field goal by Wrisley giving LHS a 23-7 lead in the third.

The Astros got the score to within 10-points to end the third quarter with a 52-yard touchdown run from Albert.

The Lancers only other points came from their defense, foiling an Albert pass attempt out of the end zone with a Michael Sampson tackle for a two-point safety.

Londonderry had 361-yards of total offense in the game and PA was held to just 230, 189 of those yards came through the air for Londonderry.

Pinkerton quarterback Nathan had 53-yards passing in six attempts and Albert ran for 53-yards in seven tries. Jack Mackierman ran for 18 yards in five plays, while Cole Yannaco carried the ball nine times for 18-yards.

With the win, Londonderry will host a semifinal game against Salem on Saturday starting at 1 p.m.

Londonderry lost to the Blue Devils 35-21 in Salem on Oct. 22, in part, due to five turnovers by interceptions and hope to correct that and the penalty issues they had in the quarterfinal win.

Bedford Knocks Pinkerton Volleyball Out in Semifinals

CHRIS PAUL
NUTFIELD NEWS

After finishing the fall season at an impressive 14-5 and being seeded as the

number four spot in the NHIAA Division I playoffs, the Pinkerton Academy Girls Volleyball squad made it into the semifinals with daunting task of beating the

team that had only dropped one set the entire season. On Thursday night, Oct. 4, the Lady Astros were considered the visitors in their own Hackler Gym when they took on the number one seeded Bedford High School Lady Bulldogs.

Both teams brought a large contingent of fans to the game, but the home court advantage wasn't enough to get the PA team a trip to the Division I finals as they lost in straight sets.

The match finished with a 25-15, 28-26, 25-17 outcome, but the Pinkerton team certainly gave the fans some exceptional play, despite the straight set loss.

The second set was by far the best of the three for the Astros as they had the game one point away from victory at 24-21 and the Lady Bulldogs worked their way back from that deficit to a 24-24 tie and then battled for the 28-26 win.

In that heartbreaking loss, senior setter Ella Koelb finished with 25 assists and outside hitter Sarah Bolduc had 13 kills, 11 digs and one ace.

Senior outside hitter Lily Heywood had seven

Astros outside hitter Sarah Bolduc had 13 kills, 11 digs and one ace in the semifinals.

service points and 19 digs, while senior right side hitter Lexa Galler finished with six service points and seven kills. Senior defensive specialist Sierra Edgecomb ended the match with 13 digs and one ace. Freshman middle blocker Cali Miller had one block in the match.

Coach Todd Royce said after the match, "The girls played all season with a ton of heart. They worked extremely hard everyday to get to where they needed to be at the end of the season. They took last season's early exit as motivation and pushed themselves to be better volleyball players everyday after that. They are a terrific group of girls that have been great leaders within our program."

The Bedford girls went on to win the Division I title with a perfect 22-0 record.

Astros senior Abi Leppert goes up for a kill in the teams final game of the season. *Photos by Chris Paul*

Athletes of the Week

Week of Nov. 1

Rachel Swanson
Senior, Fall Spirit

Rachel helps to carry the tumbling portion of the PA score sheet with her elite level skills that put us in the highest range. In the state tournament she made a swift & smart decision to assist a stunt group that was faltering a bit in the pyramid. Her quick thinking helped ensure a strong pyramid score. Had she not reacted the way she did, the state title may not have come home with us.

Brielle Bryson
Junior, Fall Spirit

Brielle has one of the most difficult roles in our routine. She tumbles throughout, lifts the more difficult stunts and pyramid pieces, as well as jumps off point. Her presence in the opening tumbling section sets the tone for the strong message delivered in the routine. She can be heard over the music yelling for the team at crucial points in the three minutes and is the heart of the team and pushes herself everyday.

Be Prepared to Shelter in Place with Ele West Thursday, Nov. 18, at 6 p.m., at the Chester Library. Local preparedness expert Ele West will cover the necessities of preparing for a disaster, including medicine, food, clothing, bedding, and money. Registration Is Required.

Teen TikTok Extravaganza

On Monday, Nov. 22, at 6:30 p.m. Come eat some pizza and record some funny TikToks for the Chester Public Library TikTok account (@chesterpubliclibrary) Can't make it? Record a video and email it to assistdirector-pl@gmail.com. Registration Is Required.

HAMPSTEAD

Storywalk At Library

StoryWalk® Week 2021 takes place from Nov. 15 - 19. It's a celebration of fresh air, exercise and books. The Hampstead Public Library is happy to join the merriment with its permanent new StoryWalk® which was installed on the front lawn. The first book on display is *Big Dance*, written and illustrated by Aoife Greenham. Kids and adults are welcome any time!

Friends Of Library Raffle

The Friends of the Hampstead Public Library have a raffle basket on display at the library's front desk. The theme is "Focus on

You," and the basket contains items to help enrich your life and help with relaxation, reflection, and organization. Items included: planners, notecards, desk tools, aromatherapy, a book with tips on how to relax, a Lily Pulitzer 17-month agenda book, and much more. The basket is valued at \$200. Tickets are on sale at the front desk and are \$1 each or six for \$5. The raffle drawing is on Dec. 14. For more information contact Janet Arden at 603/329-6411 or email at jarden@HampsteadLibrary.org

Meditation Classes

Virtual Meditation Classes in November are on the following Wednesday evenings at 7:30 p.m.: Nov. 17. Join Hampstead Public Library Associate and certified Meditation Instructor, Sue Crump, for enriching virtual sessions. Whether you are a frequent practitioner or have never done meditation before, you are welcome. Please register in advance via the Library website Events Calendar. Then, you will receive the Zoom information

for the class via email. You only need to register once to receive all class reminders.

Recipe Swap

Sweets & Treats Recipe Exchange on Friday, Nov. 19 at 3 p.m. Register in advance via the Events Calendar on the Hampstead library website or call 603-329-6411. Drop-off your favorite dessert recipe in advance at the library's front desk or email it to jwatt@HampsteadLibrary.org. The day of the event, you have the option to bring samples of your treat packaged in individual serving baggies for other participants.

Library Holiday

The Hampstead Public Library is closed on Thursday, Nov. 11 in observance of Veterans Day. The rest of the week normal hours are in effect. Online resources for library patrons are available 24/7 and include downloadable books, music, and , as well as educational resources such as Transparent Language, Creativebug, and Universal Class. Cardholders also get free online access to

the Wall Street Journal, ConsumerReports.org, and Ancestry.com.

Fire In Paradise Book Discussion

Hampstead Library Non-fiction Book Club is reading *Fire in Paradise: An American Tragedy* by Alastair Gee and Dani Anguiano, Bay Area-based reporters for The Guardian. Copies of the book are available to borrow. The discussion is at 1 p.m., on Tuesday, Dec. 7.

Thanksgiving Dinner

Island Pond Baptist Church will celebrate God's blessings throughout the year with a Thanksgiving dinner, on Saturday, Nov. 13, at 5:30 p.m. All are invited to our traditional thanksgiving dinner, with all the trimmings, and scrumptious desserts! There is no charge for this event. Island Pond is located at 26 North Salem Rd., Hampstead. If you plan on attending, please let us know to help us plan adequately, by contacting us at info@islandpond-bc.com, or 603-329-5959.

Classified Advertising

READERS ARE CAUTIONED that we occasionally run ads that require an initial investment or money in advance. We urge our readers to "do their homework" before responding to any ad, check out the advertiser thoroughly and verify their claims to your total satisfaction. Only then should you proceed at your own risk. We try to screen ads that require you to send money before receiving a product or service. But these efforts are no substitute for your own investigation, and we don't endorse or guarantee any claims made in any of the ads we publish. If you want more information about claims made in ads on subjects such as work at home opportunities, travel or vacation specials, purchasing land or vehicles from government surplus or below wholesale, loans or other credit opportunities (including credit repair), or weight loss and other health products and services, we urge you to contact the Office of Attorney General, Consumer Protection Bureau, 33 Capitol Street, Concord, NH 03301 (603-271-3641) or the Better Business Bureau at 603-224-1991. Publisher is not responsible for any loss of business if an ad does not run, and we reserve the right to revoke any ad if deemed necessary. No refunds will be given for prepaid ads.
